ADANI

Mundra Port and Special Economic Zone Limited

Forward Looking Statement

This Annual Report contains forward-looking information to enable investors to comprehend company's prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify

such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties, and even less than accurate assumptions. Should

known or unknown risks or uncertainties materialize or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Operations Review:

The year under review was fraught with global uncertainties. However, due to strong foundation, your Company had registered healthy growth.

The key aspects of your Company's performance during the financial year 2009-10 are as follows:

- Cargo volume increased by 12.79% from 35.72 million tones in 2008-09 to 40.29 million tones in 2009-10.
- Turnover increased by 20.70% from Rs. 1,17,944.66 Lacs in 2008-09 to Rs. 1,42,359.67 Lacs in 2009-10.
- Profit after Tax increased by 52.03% from Rs. 46,108.52 Lacs in 2008-09 to Rs. 70,097.56 Lacs in 2009-10.
- Earning Per Share (EPS) for the year increased by 51.95% from Rs. 11.51 in 2008-09 to Rs. 17.49 in 2009-10.

The detailed Operational Performance of the Company has been comprehensively discussed in the Management Discussion and Analysis Report which forms part of Directors' Report.

Dividend:

In view of continuing consistent good and profitable performance, your Company declared and paid Interim Dividend of Rs. 2.50 per share (25%) during the year under review. The Board of Directors are pleased to recommend a Final Dividend of Rs. 1.50 per share (15%) making aggregate dividend of Rs. 4.00 per share (40%) on 40,06,78,820 Equity shares of Rs. 10.00 each and Dividend on 0.01% Non Cumulative Redeemable Preference Shares of Rs. 10.00 each for the Financial Year 2009–10. The total outgo on account of dividend would be Rs.16,028.89 Lacs.

Resources and Liquidity:

In its efforts towards continuous cost reduction and financial re-engineering, during the year under review, your Company has issued Secured Redeemable Non-Convertible Debentures (NCDs) of face value of Rs.10,00,000/- each at par on private placement basis aggregating to Rs.1,100 crores and Commercial Papers aggregating to Rs. 750 Crores. This will result into savings in interest cost thereby lowering financial expenses.

The Company's NCDs are listed on the Wholesale Debt Market Segment of Bombay Stock Exchange (BSE).

Credit Rating:

Your Company's financial discipline and fiscal prudence is reflected in the strong credit rating by leading rating agencies. The NCDs aggregating to Rs. 250 crores have been rated AA(SO) by CARE Ratings and NCDs aggregating to Rs. 850 crores have been rated LAA by ICRA Ltd. The Commercial Papers have been rated A1+ by ICRA Ltd.

Utilization of Proceeds of IPO:

The IPO proceeds of Rs. 177,100 Lacs has been reallocated based on the requirement of the project expenditure under execution and the management estimates in our current business plan. The same has been fully utilized as on March 31, 2010. Consent of the shareholders is being sought at forthcoming Annual General Meeting ratifying the variation/reallocation in utilization of issue proceeds.

Management Discussion and Analysis

The discussion hereunder covers the financial results and other group developments of the Mundra Port And Special Economic Zone Ltd. (MPSEZL) for the financial year 2009-10 and its outlook for the future. This outlook is based on assessment of the current business environment and Government policies. The change in future economic and other developments are likely to cause variation in this outlook.

World Economy:

The world economic situation has been improving since mid of 2009. International trade and global production have also been recovering, with the economic stimuli injected worldwide since late 2008 have played a major role in this recovery.

Yet, the recovery is uneven and conditions for sustained growth remain weak. Credit conditions are still tight in major developed economies. The rebound in domestic demand remains tentative at best in many economies and is far from self-sustaining.

In the outlook, global economic recovery is expected to remain sluggish. Developing countries, especially those in Asia, are expected to show the strongest recovery in 2010. Some Governments plan of withdrawing the stimulus packages could impact the economic recovery.

Output growth in most developing countries and economies in transition remains strongly dependent upon movements in international trade, commodity prices and capital flows. Conditions in this regard have improved as part of the global recovery, but a further rebound will be strongly dependent upon the strength of the recovery in the developed countries. In the outlook, conditions for international trade and finance will remain challenging.

International trade:

The financial crisis has significantly affected world trade. This was mainly triggered by reduction in world import demand in the developed countries and more restricted access to trade financing. Asian economies experienced the sharpest decline.

Trade flows have recovered since the second quarter of 2009 largely driven by the turn of global inventory cycle. As per United Nations forecast a mild growth of 5 per cent is forecasted for the world trade in 2010.

Indian Economy:

The World Bank report states that Indian economy is expected to grow at 7.5% in 2010-11, led by strong domestics demand, particularly investments. The growth is mainly due to the policy initiatives (like fiscal stimulus) taken by the Indian Government. India's growth prospects will remain strong, even as world economy recovers slowly. The FDI flows to India are expected to increase in 2010, as overall investment to developing countries recovers this year and as the country continues to improve its FDI policies by simplifying investment procedures and relaxing investment limits in some sectors.

Industry Structure:

Ports:

Indian Scenario:

India's 95% external trade by volume and 70% by value moves by sea. Cargo handling volume in 12 major ports in India was at 561 million tonnes, while non-major ports contributed another 280 million tonnes (based on provisional data) during 2009-10, aggregating to 841 million tonnes simplifying a growth of 13.5 % from last year.

With a market share of zero - few years back, the non-major ports have garnered about 35% of India's port traffic as per FY10 traffic, indicating a growing importance of non-major ports.

Non major ports controlled by the Gujarat Maritime Board posted 34.60% growth in 2009-10. They handled 206 million tonnes cargo as compared to 153 million tonnes in 2008-09. Mundra port, the largest private sector non-major port, with a cargo of around 40 million tonnes in FY10 is among the top 8 ports in the country.

As per Government estimates, India needs to double port capacity to 1,500 million tonnes by 2011-12 and would require investments worth Rs 550 billion in that period indicating significant growth potential for the sector.

Special Economic Zone:

The Special Economic Zone Policy framed in April, 2000 with an objective to increase the exports, attract FDI and accelerate the economic growth of the country, has started showing results wherein the total exports from the SEZs in the year 2009-10 exceeded Rs.2,20,700 crores.

Multi-product SEZ at Mundra is the largest notified SEZ in the country. Mundra SEZ has almost doubled its exports from the previous year contributing to the economic growth of the country. Your company's SEZ with its multi-modal connectivities including road, rail, sea port and airport is expected to attract more and more investments in the coming years.

Performance at glance:

Business/Operation Results:

Port Related:

Mundra Port has shown impressive growth in all segments during the year under review. Mundra Port has handled 2339 vessels in financial year 2009-10 as against 2171 vessels handled during the previous financial year. The port witnessed an increase of 12.79% in Cargo handling during the year against the 6% growth registered by the 12 major ports of the country. Mundra Port handled 40.29 million tones of Cargo which is 7.18% of a total of 561 million tones of Cargo handled by the Major Ports and much higher than the Cargo handled by Ports such as Mangalore, Ennore, Tuticorin, Cochin, Kolkata and Haldia.

About 4,900 railway rake movements were undertaken in 2009-10 for evacuation of cargo to and from the port. We have started train operation from Northern India to Mundra and we also own six Container rakes.

The comparative analysis of the cargo mix with respect to cargo handled by the port is depicted as follows:

Special Economic Zone:

Your Company's SEZ, being India's largest port based SEZ, positioned on the West coast of India is ideally situated for exports to African, Middle East and Western countries besides being conveniently located to service the huge hinterland of northern India.

Government of India (GoI) had issued notification in respect of your Company's SEZ on June 23, 2006. Subsequently, based on availability of additional contiguous land, GoI had issued further notifications for additional area from time to time. Further, consequent to the approval of the clubbing of the three SEZs in Mundra as one Multi-product SEZ, the GoI vide notification dated May 27, 2009 in the Gazette of India has notified combined land area of 6472.87 hectares as SEZ.

During the year, your Company has focused on development of robust infrastructure for supporting the industrial development within the Special Economic Zone (SEZ). As part of the development, 8 Km. of Pragpar-Mundra road is developed in partnership with Government of

Gujarat to enhance external connectivity with NH8A. Construction of Road Over Bridge within the Zone is nearing completion which once completed will enable seamless connectivity to the Port and SEZ development. About 40 Km. of arterial road network has been completed for SEZ users. Execution of utility infrastructures like common effluent treatment plant (CETP), water desalination plant and power distribution network including 220/66/11 KV substations are the key components of development for the year.

The Co-developers of the SEZ have provided various social infrastructure facilities such as Housing, Hospital and School in the SEZ. Gol has also issued notification dated March 3, 2010 whereby the Developers of the SEZ will be deemed to be licensees for distribution of electricity. Accordingly, MPSEZ Utilities Pvt. Ltd. (MUPL), a 100% subsidiary of your Company and approved Co-developer, has initiated steps for distribution of electricity in the SEZ.

The Development Commissioner's office is functional within the SEZ and the SEZ units are obtaining required approvals within the Zone itself. Despite the effect of general slowdown for new investments globally, during the year six new Units have obtained Letter of Approvals for setting up of their manufacturing and service facilities in the Zone. These units are expected to bring in investment to the tune of Rs.2431 Crores, taking total investment by SEZ units at Mundra to Rs.21426 Crores. Some of the approved Units have already started export activities in the Zone. Total exports from the Zone for the year under reference were to the extent of about Rs.1,284 Crores.

Port Related Developments:

West Port Development: Mega Thermal Power Plants Tata Power and Adani Power are being constructed in Mundra Region due to the related facilities available. The plants require very high volumes of imported coal, up to 40 Million Tones Per Annum (MTPA). In addition other dry volumes such as Iron ore, etc. are also to be imported for the industries planned in the vicinity of Power Plants. In order to import these requirements, the proposed Coal Terminal comprising of 3 deep water offshore berths with elaborate stockyard and comprehensive mechanization is under development. The state of the art facility will be able to turn around a Cape Size Bulk Carrier (200,000 tones of cargo) in 60 hours, thus benefiting the trade.

Additional berths: 7 additional berths are under construction and a large number of other berths and facilities are under planning. With an annualized cargo growth of 40% (CAGR) Mundra Port is continuously striving to increase its capacity by improving productivity and efficiency through the introduction of new facilities, mechanization and other cargo handling techniques.

Fertilizer cargo complex: Fertilizer handling has been a labour oriented activity at the port. In the peak season, the number of labourers entering the port crosses over 6,000 and the average productivity achieved is around 8 rakes per day. The fertilizer cargo complex is being designed as an online loading system and capable of handling 10 rakes per day with labour force of 1,000.

Other Group Development:

To commence operations at solid cargo port project at Dahej, being developed under a joint venture with Petronet LNG Limited ("PLL"). Dahej is strategically located along the Vadodara-Mumbai corridor, which generally services cargo centers in south Gujarat, upper Maharashtra and parts of central India.

MPSEZL is in the process of setting up coal cargo terminals at Mormugao Port, Goa which will enable it to capture a larger market hinterland, extending further into Central India and some portion of Southern India. This terminal was awarded to MPSEZL after competitive bidding. The thirty year concession agreement has already been signed.

MPSEZL is developing a non-LNG port facilities at Hazira under the sub-concession route. LOI for the same has been granted by Hazira Port and key approvals of GMB have been obtained. Dredging work has already commenced. Hazira Port will be developed to handle container, dry and liquid bulk cargo.

Competition:

Competition within the port industry is primarily driven by the characteristics and location of the ports, such as the ability to berth large vessels, proximity and connectivity to inland cargo centres. Other key competitive factors include, among others, the number of berths, the size and quantity of port facilities and equipment, and the efficiency of cargo handling and transportation. We compete primarily against Non-Major Ports and Major Ports located on the northwest coastline of India, such as Pipavav Port, Kandla Port, Mumbai Port, JNPT and GMB-managed ports.

We compete against these entities through our integrated port infrastructure facilities, domain expertise in the port services industry, established customer relationships, available land resources and ability to facilitate port-based development, consistent high-quality service and our ability to flexibly meet our customers' requirements including flexibility in tariffs.

Risks and concerns:

There are certain factors which may cause our actual results to differ materially from our expectations. Some of the factors are regulatory and policy changes pertaining to our business, various economic parameters including inflation & interest rate, development in political scenario and its impact in economy, trade and policy initiatives, acts of hostility, violence or war etc.

MPSEZL has a formal system which periodically identifies risk areas, evaluates their consequences initiates risk mitigation strategies and implements corrective actions where required. Audit Committee periodically reviews the report on risk management and recommends the corrective steps for implementation.

Management control, Internal control and Internal audit systems and their adequacy:

Internal audit program is designed based on Port/SEZ operation and nature of business activities taking into consideration the major risk factors related to business and port operation, after being duly approved by the Audit Committee and the Statutory Auditors. For smooth execution of audit program it is segregated quarter wise.

The Internal Audit function consisting of professionally qualified accountants, engineers and SAP experienced executives, also reviews the quality of planning and execution of all ongoing projects involving significant expenditure to ensure that project management controls are adequate to yield “value for money”.

Some significant features of the internal control systems are:

- Corporate policies on accounting and major processes;
- Well-defined process for formulating and reviewing annual and long term business plans;
- Preparation and monitoring of annual budgets for all operating and service functions;
- Customers Relations Management connecting with its valued customers spread at different locations for seamless information exchange;
- Monthly Business Review Meeting of Head of Department/Head of Section and Management to review operations and plans in keys business areas;
- Monthly meeting of the management committee(Business Review Meeting) at apex level to review operations and plans in key business areas;
- A well established multidisciplinary Internal Audit team, which reviews and reports to management and the Audit Committee about the compliance with internal controls and efficiency and effectiveness of operations and the key process risks;
- Audit Committee of the Board of Directors, comprising independent directors, which is functional and regularly reviews the audit plans, significant audit findings, adequacy of internal control, compliance with Accounting Standards as well as reasons for changes in accounting policies and practices, if any.

Corporate Social Responsibility:

Corporate Social Responsibility has been at the heart of any Business/ Industrial Development by Adani Group of Companies. Adani Foundation was established with a vision to “accomplish passionate commitment to the social obligations towards communities, fostering sustainable and integrated development, thus improving quality of life”. The foundation works in the core sectors of Education, Community Health, Sustainable Livelihood Development and Rural Infrastructure Development. Adani Foundation has been in the forefront of education sector since its inception. Adani Vidya Mandir, a school set up and managed by Adani Foundation is a novel experiment in Corporate Social Responsibility.

Similarly Foundation aims to enhance the quality of life of the surrounding Communities by reaching out to more than 17,000 young minds through various programmes to improve the Quality of Education, Girl Child Education, Promoting Child's Rights and Gender Equality, empowering Village Education Committee through innovative use of local Education Volunteers. Further, the Foundation covered 30 villages in and around the Mundra region, rendering free treatment to more than 5,200 patients per month.

Other Rural Infrastructure Projects include Village Approach Roads, Bus Stop Shelters, Garden Developments and Pond Deepening. Availing basic amenities to Fishermen Communities such as approach road, toilets, solar lights, extension of support school and landing shed at Vasahat has been very gratifying experience.

Human Resource Development:

MPSEZL relies on skills and dedication of its employees in delivering best in class port services to its customers. Human Capital enables MPSEZL to continually improve its performance through innovation, focused approach to cost rationalization and taking initiatives to keep it a front runner amongst other ports.

In view of the increased economic momentum in the country, your organization has made appropriate compensation revision to make it competitive to retain our talent pool. MPSEZL is increasing its investment on learning and development over the years to develop organizational competencies needed for competitive advantage and to provide the talent needed for its ambitious expansion plans. Management intends to increase the investments in learning and development further in coming years. MPSEZL has imparted 2.7 mandays of training per employee during 2009-10 which includes both technical and soft skills training. These programmes are identified based on competency gaps, annual performance reviews and strategic goals.

As a part of talent management, your management has identified high potential employees and taken them through Assessment Development Center to assess their competency levels. In next step, Individual Development Plans are being developed for taking them to higher leadership positions through focused developmental activities. In addition, your organization has launched many employee reward and recognition initiatives during the year to enhance employee motivation and retention.

MPSEZL has taken following initiatives to improve quality of life at Mundra in 2009-10.

- Constructed Samudra township to provide quality housing to employees needed to meet our growth needs;
- Encouraged Sterling hospital to setup 110 bed hospital which started functioning during the year.

MPSEZL enjoys excellent employee relations which have been built over the years by taking various initiatives to enhance the employee morale.

Auditor's Report

To
The Members of
Mundra Port And Special Economic Zone Limited:

1. We have audited the attached Balance Sheet of Mundra Port And Special Economic Zone Limited ('the Company') as at March 31, 2010 and also the Profit and Loss Account and the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Without qualifying our opinion, we draw attention to Note No. 9 in Schedule 23 to the financial statements in respect of eligibility for income tax holiday as per provisions of Section 80-IAB of the Income Tax Act, 1961.
5. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
 - v. On the basis of the written representations received from the directors as on March 31, 2010, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2010 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956;
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - a) in the case of the balance sheet, of the state of affairs of the Company as at March 31, 2010;
 - b) in the case of the profit and loss account, of the profit for the year ended on that date; and
 - c) in the case of cash flow statement, of the cash flows for the year ended on that date.

Annexure referred to in paragraph [3] of our report of even date

Re: Mundra Port And Special Economic Zone Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
(b) The fixed assets are physically verified by the management according to a phased programme designed to cover all the items over a period of three years which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the management during the year and no material discrepancies were noticed on such verification.
(c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
(b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
(c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) In respect of loans, secured or unsecured, granted by the Company to companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, 1956, according to the information and explanations given to us:
 - (a) The Company has granted unsecured loans to two subsidiary companies during the year, one of which is a wholly owned subsidiary. In respect of the said loans, the maximum amount involved during the year was Rs. 15,136.50 lacs and the year end balance of loans granted to such parties was Rs. 14,986.50 lacs.
 - (b) In our opinion and according to the information and explanations given to us, the rate of interest and other terms and conditions for such loans, including interest free loan given to wholly owned subsidiary, are not prima facie prejudicial to the interest of the Company.
 - (c) The loans granted are repayable on demand and there is no repayment schedule. The interest wherever applicable is payable on demand.
 - (d) In respect of the said loans, the same are repayable on demand and therefore the question of overdue amounts does not arise. In respect of interest, there are no overdue amounts.
 - (e) The Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly, the provisions of clause (iii) (f) and (g) of the Companies (Auditor's Report) Order, 2003 (as amended), are not applicable to the Company.
- (iv) Part of the Company's purchases of fixed assets and sale of services are stated to be of unique and specialized nature, and hence, in such cases, the comparison of prices with the market rates or with purchases from/sales to other parties cannot be made. Read with the above, in our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of services. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas. The Company does not sell any goods due to the nature of its business.
- (v) According to the information and explanations provided by the management, we are of the opinion that there are no particulars of contracts or arrangements that need to be entered into the register maintained under Section 301 of the Companies Act, 1956.
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) As the Company does not manufacture any products, the provisions of clause (viii) of the Companies (Auditor's Report) Order, 2003 (as amended) regarding maintenance of cost records under clause (d) of sub-section (1) of Section 209 of the Companies Act, 1956 are not applicable.
- (ix) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it.
Further, since the Central Government has till date not prescribed the amount of cess payable under Section 441A of the Companies Act, 1956, we are not in a position to comment upon the regularity or otherwise of the Company in depositing the same.
(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty, cess and other undisputed statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
(c) According to the records of the Company, there are no dues outstanding for income-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, except as follows:

Name of the statute	Nature of dues	Amount (Rs. lacs)	Period in which the amount relates	Forum where dispute is pending
Customs Act, 1962	Show cause notice from the Custom Authorities for recovery of custom duty in relation to import of Crude Petroleum Oil	26.60	November, 2004	Customs, Excise and Service Tax Appellate Tribunal, Mumbai
Customs Act, 1962	Show cause notice from the Custom Authorities for recovery of custom duty in relation to import of Acrylonitrile	14.20	July 3, 2003	Assistant Commissioner of Customs, Mundra
Customs Act, 1962	Show cause notice from the Custom Authorities for recovery of custom duty, fine and penalty on the import of a tug and bunkers	207.15	March, 2005	Customs, Excise and Service Tax Appellate Tribunal, Ahmedabad

1. (Note No. 2 of Schedule 23)

Statement of Significant Accounting Policies

a) Basis of Preparation

The financial statements have been prepared to comply in all material respects with the Notified accounting standards by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis.

The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Fixed Assets

- i) Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.
- ii) In respect of accounting periods commencing on after December 7, 2006, exchange differences arising on reporting of the long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.
- iii) Insurance spares / stand by equipments are capitalized as part of mother assets.

d) Expenditure on new projects and substantial expansion

Expenditure directly relating to construction activity (net of income, if any) is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period, which is not related to the construction activity nor is incidental thereto, is charged to the Profit & Loss Account. Income earned during construction period is deducted from the total of the indirect expenditure.

All direct capital expenditure on expansion is capitalized. As regards indirect expenditure on expansion, only that portion is capitalized which represents the marginal increase in such expenditure as a result of capital expansion. The same is treated as pre-operative expenditure pending allocation to fixed assets in progress and is shown under "Capital Work-in-Progress". The same is transferred to fixed assets on progressive basis and is capitalized along with fixed assets on commencement of commercial activities.

e) Depreciation

- i) Depreciation on Fixed Assets, except for those stated in para (ii) to (vi) below, is provided on straight line method (SLM) at the rates prescribed under Schedule XIV of the Companies Act, 1956, or the rates determined on the basis of useful life of the respective assets, whichever is higher.
- ii) Cost of Leasehold Land Development, Marine Structures and Dredged Channels is amortized over the period of the Concession Agreement of 30 years effective from February 17, 2001 with Gujarat Maritime Board or their useful life, whichever is lower.
- iii) Depreciation on Mobile phones, included under Office Equipment, Furniture and Fixtures, is provided at the rate of 100% in the month of purchase.
- iv) Depreciation on Dredging Pipes, included under Plant and Machinery, is provided on the basis of their useful life which is estimated at 18 months.
- v) Depreciation on individual assets costing up to Rs. 5,000.00 is provided at the rate of 100% in the month of purchase.
- vi) Insurance spares/standby equipments are depreciated prospectively over the remaining useful lives of the respective mother assets.

f) Intangibles

Intangible assets are amortized on straight line basis over their estimated useful lives as follows:

Intangible Assets	Estimated Useful Life (Years)
Goodwill arising on the amalgamation of Adani Port Limited	Over the balance period of Concession Agreement computed from the Appointed Date of the Scheme of Amalgamation i.e. 28 years.
Softwares	3 years

g) Impairment

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

i) Leases

Where the Company is the lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Profit and Loss Account.

j) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

k) Inventories

Stores and Spares: Valued at lower of cost and net realizable value. Cost is determined on a moving weighted average basis. Cost of stores and spares lying in bonded warehouse includes custom duty accounted for on accrual basis.

Net Realizable Value is the estimated current procurement price in the ordinary course of the business.

l) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

i) Port Operation Services

Revenue from port operation services including rail infrastructure is recognized on proportionate completion method basis based on service rendered.

ii) Income from Long Term Leases/Infrastructure Usage Agreements

As a part of its business activity, the Company also leases/sub-leases land on long term basis to its customers. In some cases, the upfront premium received/receivable on such sub-leases is refundable proportionately on cancellation of such sub-leases before maturity, while in other cases, it is non-refundable. In cases where such upfront premium is non-refundable, the Company

recognizes the entire premium as income in the year in which the sub-lease agreement/memorandum of understanding takes effect while in cases where such upfront is proportionately refundable, such premium is recognized as income pro-rata over the period of sub-lease agreement. Land sub-lease rent receivable under the above agreements is accounted for as income in accordance with the terms of such agreements. Income under Long Term Infrastructure Usage Agreements is recognized in accordance with the terms of such agreements.

iii) Contract Revenue

Revenues from construction contracts are recognized on a percentage completion method, in proportion that the contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs. Contract revenue earned in excess of billing has been reflected under “Other Current Assets” and billing in excess of contract revenue has been reflected under “Current Liabilities” in the balance sheet. Full provision is made for any loss in the year in which it is first foreseen.

iv) Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

v) Dividends

Revenue is recognised when the shareholders’ right to receive payment is established by the balance sheet date.

m) Foreign Currency Translation

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange differences, in respect of accounting periods commencing on or after December 7, 2006, arising on reporting of long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to the acquisition of a depreciable capital asset, are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, and in other cases, are accumulated in a “Foreign Currency Monetary Item Translation Difference Account” in the enterprise’s financial statements and amortized over the balance period of such long term asset/liability but not beyond accounting period ending on or before March 31, 2011.

Exchange differences arising on the settlement of monetary items not covered above, or on reporting such monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

iv) Forward Exchange Contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

v) Derivative transactions

The Company enters into various foreign currency option contracts and options to hedge its risks with respect to foreign currency fluctuations. These foreign exchange forward contracts and options are not used for trading or speculation purpose. At every period end, all outstanding derivative contracts are fair valued on a marked-to-market basis and any loss on valuation is recognized in the profit and loss account. Any gain on marked-to-market valuation of respective contracts is only recognized to the extent of the loss on foreign currency re-instatement of the underlying transaction, keeping in view the principle of prudence as enunciated in AS 1, ‘Disclosure of Accounting Policies’. Any subsequent change in fair values, occurring after balance sheet date, is accounted for in subsequent period.

n) Employee Benefits

i) Provident fund and superannuation fund

Retirement benefits in the form of Provident Fund and Superannuation Fund Schemes are defined contribution schemes and the contributions are charged to the Profit and Loss Account in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective trusts.

ii) Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The Company has taken an insurance policy under the Group Gratuity Scheme with the Life Insurance Corporation of India (LIC) to cover the gratuity liability of the employees and amount paid/payable in respect of the present value of liability for past services is charged to the Profit & Loss account every year. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with LIC is provided for as liability in the books.

iii) Leave Benefits

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation as at the end of the period. The actuarial valuation is done as per projected unit credit method.

iv) Actuarial Gains/Losses

Actuarial gains/losses are immediately taken to the Profit and Loss Account and are not deferred.

o) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. Deferred income tax reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. The Company is eligible and claims tax deductions available under Section 80IAB of the Income Tax Act, 1961, in respect of income attributable to Special Economic Zone activities (including notified port area).

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. In view of Company availing tax deduction under Section 80IAB of the Income Tax Act, 1961, deferred tax has been recognized in respect of timing difference, which originates during the tax holiday period but reverse after the tax holiday period. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the Company has carry forward unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

MAT credit is recognised, as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

p) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting Preference Dividends) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) **Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. These are reviewed at each Balance Sheet date and adjusted to reflect the current best management estimates. Contingent liabilities are not recognized but are disclosed in the Notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

r) **Segment Reporting Policies**

The Company's operating businesses are organised and managed separately according to the nature of services provided, with each representing a strategic business unit that offers different services and serves different category of customers. The analysis of geographical segments is based on the geographical location of the customers.

s) **Cash and Cash equivalents**

Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short-term investments with an original maturity of ninety days or less.

t) **Miscellaneous Expenditure**

Miscellaneous Expenditure represents the expenses incurred on Initial Public Offer and the same are adjusted against Securities Premium Account as permitted under Section 78 of the Companies Act, 1956.

2. **(Note No. 3 of Schedule 23)**

Segment Information

The Company is primarily engaged in the business of developing, operating and maintaining the Mundra Port and port based related infrastructure facilities including Multi product Special Economic Zone. Auditors' Report on Abridged Consolidated Financial Statements

To,
The Board of Directors of
Mundra Port And Special Economic Zone Limited,

We have examined the attached abridged Consolidated balance sheet of Mundra Port And Special Economic Zone Limited ('the Company') its subsidiaries (together referred to as the 'Group') as at March 31, 2010 and the abridged consolidated profit and loss account and consolidated cash flow statement for the year ended on that date, together with the notes thereon (hereafter collectively referred to as "abridged consolidated financial statements"). These abridged consolidated financial statements have been prepared by the company pursuant to Rule 7A of the Companies (Central Government's) General Rules and Forms, 1956 and are based on the consolidated financial statements of the Group for the year ended March 31, 2010, prepared in accordance with the requirements of the Accounting Standards (AS) 21, Consolidated financial statements and Accounting Standards (AS) 27, Financial Reporting of interests in Joint Ventures notified pursuant to the Companies (Accounting Standards) Rules, 2006, (as amended) and covered by our report of even date to the members of the company which is attached hereto.

Auditor's Report on Consolidated Financial Statements

To,
The Board of Directors
Mundra Port and Special Economic Zone Limited

1. We have audited the attached consolidated balance sheet of Mundra Port and Special Economic Zone Limited ('MPSEZL') and its subsidiaries as described in Schedule 23, Note 1 (together referred to as the 'Group'), as at March 31, 2010, and also the consolidated profit and loss account and the consolidated cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the MPSEZL's management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of certain subsidiaries, whose audited financial statements reflect total assets of Rs. 91,953.85 lacs as at March 31, 2010, total revenues of Rs. 11,916.42 lacs and cash flows amounting to Rs. (2,292.83) lacs for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors.
4. Without qualifying our opinion, we draw attention to Note No. 12 in Schedule 23 to the financial statements in respect of eligibility for income tax holiday as per provisions of Section 80-IAB of the Income Tax Act, 1961.
5. We report that the consolidated financial statements have been prepared by the MPSEZL's management in accordance with the requirements of Accounting Standards (AS) 21, Consolidated financial statements and Accounting Standards (AS) 27, Financial Reporting of interests in Joint Ventures notified pursuant to the Companies (Accounting Standards) Rules, 2006, (as amended).

Based on our audit and on consideration of reports of other auditors on separate financial statements and on the other financial information of the components, and to the best of our information and according to the explanations given to us, we are of the opinion that the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated balance sheet, of the state of affairs of the Group as at March 31, 2010;
- (b) in the case of the consolidated profit and loss account, of the profit for the year ended on that date; and
- (c) in the case of the consolidated cash flow statement, of the cash flows for the year ended on that date.

NOTES TO ABRIDGED CONSOLIDATED ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2010 OF MUNDRA PORT AND SPECIAL ECONOMIC ZONE LIMITED AND ITS SUBSIDIARIES

1. (Note No. 2 of Schedule 23)

Principles of consolidation

The Consolidated financial statements relate to the Mundra Port Group which comprises the financial statements of MPSEZL and its subsidiaries as at March 31, 2010. In the preparation of consolidated financial statements, investment in the subsidiaries have been accounted for in accordance with Accounting Standard (AS) 21 - 'Consolidated Financial Statements', as notified accounting standard by Companies Accounting Standards Rules, 2006 (as amended). Consolidated financial statements have been prepared on the following basis:

- i) Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continues to be consolidated until the date that such control ceases. Subsidiaries have been consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances & intra-group transactions. The unrealized profits resulting from intra-group transactions that are included in the carrying amount of assets are eliminated in full. Unrealized losses resulting from intra-group transactions that are deducted in arriving at the carrying amount of assets are also eliminated unless cost cannot be recovered.
- ii) A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity that is subject to joint control, and a jointly controlled entity is a joint venture that involves the establishment of a separate entity in which each venturer has an interest. Interest in the assets, liabilities, income and expenses of the Joint Venture Entity are consolidated using the proportionate consolidation method after eliminating all significant intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions to the extent of Company's proportionate share, except where cost cannot be recovered.
- iii) The excess of the cost to the Company of its investment in subsidiaries over the Company's portion of equity on the acquisition date is recognized in the financial statements as goodwill and is tested for impairment annually. When there is excess of Company's portion of equity of the Subsidiary over the cost of the investment then it is treated as Capital Reserve.
- iv) Minority interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the income statement and within equity in the consolidated balance sheet, separately from parent shareholders' equity. Where accumulated losses attributable to the minorities are in excess of their equity, in the absence of the contractual obligation on the minorities, the same is accounted for by the Parent Company.
- v) Financial statements of the subsidiaries are prepared for the same reporting year as the parent company i.e. for the year ended March 31, 2010, using consistent accounting policies. As far as possible, the consolidated financial statements have been prepared using uniform accounting policies, consistent with the Company's standalone financial statements for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's standalone financial statements. Any deviation in accounting policies is disclosed separately.

2. (Note No. 3 of Schedule 23)

Statement of Significant Accounting Policies

a) Basis of Preparation

The consolidated financial statements have been prepared to comply in all material respects with the Notified accounting standards by Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The consolidated financial statements have been prepared under the historical cost convention on accrual basis.

The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

b) Use of estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that may affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the consolidated financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Fixed Assets

- i) Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

- ii) In respect of accounting periods commencing on or after December 7, 2006, exchange differences arising on reporting of the long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in the previous financial statements are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, if these monetary items pertain to the acquisition of a depreciable fixed asset.
- iii) Insurance spares / standby equipments are capitalized as part of mother assets.

d) Expenditure on new projects and substantial expansion

Expenditure directly relating to construction activity (net of income, if any) is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to the construction activity nor is incidental thereto, is charged to the Profit and Loss Account. Income earned during construction period is deducted from the total of the indirect expenditure.

All direct capital expenditure on expansion is capitalized. As regards indirect expenditure on expansion, only that portion is capitalized which represents the marginal increase in such expenditure as a result of capital expansion. The same is treated as pre-operative expenditure pending allocation to fixed assets in progress and is shown under "Capital Work-in-Progress". The same is transferred to fixed assets on progressive basis and is capitalized along with fixed assets on commencement of commercial activities.

e) Depreciation

- i) Depreciation on Fixed Assets, except for those stated in para (ii) to (vi) below, is provided on straight line method (SLM) at the rates prescribed under Schedule XIV of the Companies Act, 1956, or the rates determined on the basis of useful life of the respective assets, whichever is higher.
- ii) Depreciation on leasehold land (other than land on perpetual lease) is provided over the lease period.
- iii) Cost of Leasehold Land Development, Marine Structures and Dredged Channels is amortized over the period of the Concession Agreement of 30 years effective from February 17, 2001 with Gujarat Maritime Board or their useful lives, whichever is lower.
- iv) Depreciation on Mobile phones, included under Office Equipment, Furniture and Fixtures, is provided at the rate of 100% in the month of purchase.
- v) Depreciation on Dredging Pipes, included under Plant and Machinery, is provided on the basis of their useful life which is estimated at 18 months.
- vi) Depreciation on individual assets costing upto Rs. 5,000.00 is provided at the rate of 100% in the month of purchase.
- vii) Insurance spares / standby equipments are depreciated prospectively over the remaining useful lives of the respective mother assets.

f) Intangibles

Intangible assets are amortized on straight line basis over their estimated useful lives as follows:

Intangible Assets	Estimated Useful Life (Years)
Goodwill arising on the amalgamation of Adani Port Limited	Over the balance period of Concession Agreement computed from the Appointed Date of the Scheme of Amalgamation i.e. 28 years.
Softwares	3 years
License Fees paid to Ministry of Railway (MOR) for approval for movement of Container Trains	Over the balance period of License from the date of commencement operations i.e. over a period of 20 years

g) Impairment

- i) The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

i) **Leases**

Where the Company is the lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Profit and Loss Account.

j) **Investments**

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

k) **Inventories**

Stores and Spares: Valued at lower of cost and net realizable value. Cost is determined on a moving weighted average basis. Cost of stores and spares lying in bonded warehouse includes custom duty accounted for on accrual basis.

Net Realizable Value is the estimated current procurement price in the ordinary course of business.

l) **Government Grant**

In accordance with the Accounting Standard 12 "Accounting for Government Grants", grants in the nature of capital subsidy are credited to the Capital Reserve and shown under the head Reserves & Surplus.

m) **Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

i) **Port Operation Services**

Revenue from port operation services including rail infrastructure is recognized on proportionate completion method basis based on services rendered.

ii) **Income from Long Term Leases/Infrastructure Usage Agreements**

As a part of its business activity, the Company also leases/ sub-leases land on long term basis to its customers. In some cases, the upfront premium received/receivable on such sub-leases is refundable proportionately on cancellation of such sub-leases before maturity, while in other cases, it is non-refundable. In cases where such upfront premium is non-refundable, the Company recognizes the entire premium as income in the year in which the sub-lease agreement/ memorandum of understanding takes effect while in cases where such upfront premium is proportionately refundable; such premium is recognized as income on a pro-rata basis over the period of sub-lease agreement. Land sub-lease rent receivable under the above agreements is accounted for as income in accordance with the terms of such agreements. Income under Long Term Lease/Infrastructure Usage Agreements is recognized in accordance with the terms of such agreements. In case of Subsidiary Mundra SEZ Textile and Apparel Park Private Limited (MITAP), the upfront premium received/receivable under Long Term Leases/Infrastructure Usage Agreement is recognized as income pro-rata over the period of sub-lease agreement. (This income pertaining to MITAP in the books of MPSEZL constitutes 3.61% of the total unamortized amount under Long Term Leases/Infrastructure Usage Agreements.)

iii) **Income from Multi-modal Cargo Storage cum Logistics Services**

Multi-modal and transportation income are recognized on the basis of service provided as per the contractual terms.

iv) **Non Scheduled Aircraft Services**

Revenue from chartered services is recognized based on service provided and billed as per the terms of the contracts with the customers.

v) **Contract Revenue**

Revenues from construction contracts are recognized on a percentage completion method, in proportion that the contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs. Contract revenue earned in

excess of billing has been reflected under "Other Current Assets" and billing in excess of contract revenue has been reflected under "Current Liabilities" in the Balance Sheet. Full provision is made for any loss in the year in which it is first foreseen.

vi) Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

vii) Dividends

Revenue is recognized when the shareholders' right to receive payment is established by the Balance Sheet date.

n) Foreign Currency Translation

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange differences, in respect of accounting periods commencing on or after December 7, 2006, arising on reporting of long-term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to the acquisition of a depreciable capital asset, are added to or deducted from the cost of the asset and are depreciated over the balance life of the asset, and in other cases, are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" in the enterprise's financial statements and amortized over the balance period of such long-term asset/liability but not beyond accounting period ending on or before March 31, 2011.

Exchange differences arising on the settlement of monetary items not covered above, or on reporting such monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

iv) Forward Exchange Contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contracts is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

v) Translation on integral and non integral foreign operations

The consolidated financial statements of an integral operation are translated as if the transactions of the foreign operation have been those of the Company itself.

In translating the consolidated financial statements of a non-integral foreign operation for incorporation in consolidated financial statements, the assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate; income and expense items of the non-integral foreign operation are translated at exchange rates on the dates of the transactions. All resulting exchange differences are accounted in a foreign currency translation reserve until the disposal of the net investment.

On the disposal of a non-integral foreign operation, the cumulative amount of the exchange differences which have been deferred and which relate to that operation are recognized as income or an expenses in the same period in which the gain or loss on disposal is recognized.

vi) Derivative transactions

The Company enters into various foreign currency option contracts and options to hedge its risks with respect to foreign currency fluctuations. These foreign exchange forward contracts and options are not used for trading or speculation purpose. At every period end, all outstanding derivative contracts are fair valued on a marked-to-market basis and any loss on valuation is recognized in the Profit and Loss Account. Any gain on marked-to-market valuation of respective contracts is only recognized to the extent of the loss on foreign currency re-instatement of the underlying transaction, keeping in view the principle of prudence as enunciated in AS 1, Disclosure of Accounting Policies'. Any subsequent change in fair values, occurring after Balance Sheet date, is accounted for in subsequent period.

o) Employee Benefits

i) Provident fund and superannuation fund

Retirement benefits in the form of Provident Fund and Superannuation Fund Schemes are defined contribution schemes and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective trusts.

ii) Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each consolidated financial year. The Company has taken an insurance policy under the Group Gratuity Scheme with the Life Insurance Corporation of India (LIC) to cover the gratuity liability of the employees and amount paid/payable in respect of the present value of liability for past services is charged to the Profit and Loss Account every year. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with LIC is provided for as liability in the books. In case of subsidiaries, other than Adani Logistics Limited, gratuity liability has been provided for on actual computation basis for the benefits standing to the credit of the employees at the end of each consolidated financial year.

iii) Leave Benefits

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation as at the end of the period. The actuarial valuation is done as per projected unit credit method. In case of subsidiaries, other than Adani Logistics Limited, leave benefits liability is provided for on actual computation basis for the benefits standing to the credit of the employees at the end of each consolidated financial year.

iv) Actuarial Gains/Losses

Actuarial gains/losses are immediately taken to the Profit and Loss Account and are not deferred.

p) Income Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. The Company is eligible and claims tax deductions available under Section 80IAB of the Income Tax Act, 1961, in respect of income derived from Multipurpose Special Economic Zone notified area in the Mundra Region along with the Port facilities.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. In view of Company availing tax deduction under Section 80IAB of the Income Tax Act, 1961, deferred tax has been recognized in respect of timing difference, which originates during the tax holiday period but reverse after tax holiday period. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the Company has carry forward unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Profit and Loss Account and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting Preference Dividends) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best management estimates. Contingent liabilities are not recognized but are disclosed in the Notes. Contingent Assets are neither recognized nor disclosed in the consolidated financial statements.

s) Segment Reporting Policies

i) Identification of segments:

The Company's operating businesses are organized and managed separately according to the nature of services provided, with each representing a strategic business unit that offers different services and serves different category of customers. The analysis of geographical segments is based on the geographical location of the customers.

ii) Inter segment transfers:

The Company generally accounts for inter segment sales and transfers as if the sales or transfers were to third parties at current market prices.

iii) Unallocated Items:

Includes general corporate income and expense items which are not allocated to any business segment.

t) Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short-term investments with an original maturity of ninety days or less.

u) Miscellaneous Expenditure

Miscellaneous Expenditure represents the expenses incurred on Initial Public Offer and preliminary expenses. Initial public offer expenses are adjusted against Securities Premium Account as permitted under Section 78 of the Companies Act, 1956.
