

TRADE NOTICE

Sub: Revision in Port Entry Permit Fees

Dear Valued Customers,

In continuation of our endeavors of providing better services, we would like to notify that Port Entry Permit (PEP) charges applicable on cargo vehicles shall be charged on the basis of axles of the vehicles. The PEP charges would stand revised with effect from 01st March 2024. Charge mechanisms based on axles of the vehicle is the most scientific way as it gives access to Port users to have better facility and best in class Port infrastructure.

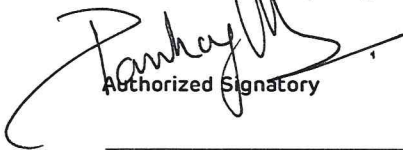

It would be mandatory to have FASTag for all cargo vehicles. Port will fetch desired details from FASTag & the PEP charges would be applicable in following matrix.

No. of Axle	Rate
2	140
3	150
4	170
5	170
6	170
7+	190

Those vehicles which would not be registered with FASTag or will not have active FASTag shall be charged Rs 190 (highest rate slab). Hence, it is desired that all cargo vehicles to have active FASTag for the vehicle before 29th Feb, 2024 to avoid penal charges. Please note that existing Port Fees payment mechanism will be continued & no payment will be collected from FASTag.

Assuring our best services at all times.
