Subject: Fuel Surcharge due to recurrent hike in the fuel prices

Dear Sirs,

Dhamra Port has always been a trusted partner to all stakeholders, and we value the deep-rooted partnership with all valued clients.

The recurrent increase in the fuel prices since beginning of this year 2022, has resulted into cascading effect on entire operational expenses and has increased our operating cost steeply, and same is posing a stiff challenge to us.

For the continuity of the smooth and uninterrupted operation at Dhamra Port, we have introduced "Fuel Surcharge on Pilotage", in addition to the regular pilotage charges, as "**USD 0.1 / GT**" for all the vessel coming at Dhamra Port.

We will review the aforesaid Fuel Surcharge, on fortnightly basis, which is subject to following: -

1. Escalation / de-escalation in fuel-surcharge: Any cumulative increase or decrease in bulk fuel rate less than Re 1 / litre will not have any change in the fuel surcharge, however any cumulative increase or decrease of Re 1 / Litre or more in bulk fuel rate will have an increase or decrease in the ratio of Re 1 / Litre: USD 0.003 / GT. First escalation / de-escalation will commence w.e.f. 16th June'22.

Example: -

Scenario	Bulk Fuel Rate (Rs / Litre)	Increase / Decrease (USD / GT)	Fuel Surcharge on Pilotage Rate (USD / GT)
Base rate (Fuel Surcharge on Pilotage)	120.30	-	0.1000
Scenario 1 Revised rate	121.30	+ 0.003	0.1030
Scenario 2 Revised rate	119.30	- 0.003	0.0970
