**Ref :** Environment and CRZ clearance granted to M/s Adani Ports & SEZ Limited vide letter dated 25<sup>th</sup> August, 1995 bearing no. J-16011/13/95-IA.III

Dear Sir,  
Please refer to the above cited reference for the said subject matter. In connection to the same, it is to state that copy of the compliance report for the Environmental / CRZ Clearance for the period of Apr'15 to Sep'15 is enclosed here for your records. The stated information is also provided in form of a CD (soft copy).

Thank you,  
Yours Faithfully,  
For Adani Ports and Special Economic Zone Limited

  
Ennarusu Karunesan  
Chief Executive Officer  
Mundra Port

# **Compliance Report**

## Status of the conditions stipulated in Environment and CRZ Clearance

**Half yearly Compliance report of Environment and CRZ Clearance for "Handling facility of General Cargo / LPG /Chemicals and their storage terminal at Navinal Island, Mundra taluka of Kutch district, Gujarat"**

Sr. No.	Conditions	Compliance Status as on 30-09-2015
2(i)	All construction designs / drawings relating to various project activities should have the approval of the concerned State Government departments / Agencies.	Information submitted to the Ministry of Environment and forest along with half yearly compliance dated 02.12.2013.
2(ii)	To prevent discharge of bilge wastes, sewage and other liquid wastes from the oil tankers / ships into marine environment, adequate system for collection, treatment and disposal of liquid wastes including shore line installation and special hose connections for ships to allow for discharge of sewage must be provided.	<ul style="list-style-type: none"> <li>Ships berthing at Mundra Port comply with MARPOL regulations.</li> <li>No discharge is allowed into marine environment inside port limits and APSEZL does not receive sewage/liquid waste from ship.</li> <li>Oily sludge (a mixture of oil, water and dirt) is disposed through authorized recycler / re-processor.</li> </ul>
2(iii)	The quality of treated effluents, solid wastes, emissions and noise levels etc. must confirm to the standards laid down by the competent authorities including the central and State Pollution Control Boards under the Environment (Protection) act, 1986 whichever are more stringent.	<p>The quality of treated effluent, emission and noise level is being monitored regularly by a MoEF/NABL accredited agency.</p> <p>Monitoring report from April, 15 to September, 15 is enclosed as <b>Annexure-1</b>.</p>
2(iv)	Adequate provision for infrastructure facilities such as water supply, roads, sanitation etc. should be ensured so as to avoid environmental degradation in the surrounding areas. These facilities should be brought into existence during the construction phase and will remain in existence thereafter as part of the infrastructure build up in the area for local developmental purposes.	Construction activity is already completed. Adequate infrastructure facilities have been provided during construction phase and are presently available.
2(v)	Adequate noise control measures should be ensured in various project activities and due to increase in the traffic which is likely to take place during construction and operational phases.	<p>Following noise control measures are taken</p> <ul style="list-style-type: none"> <li>All DG set are installed with acoustic enclosure.</li> <li>Green Belt has been developed.</li> <li>Traffic signage has been provided to reduce unnecessary blowing of horns.</li> </ul>

## Status of the conditions stipulated in Environment and CRZ Clearance

**Half yearly Compliance report of Environment and CRZ Clearance for "Handling facility of General Cargo / LPG /Chemicals and their storage terminal at Navinal Island, Mundra taluka of Kutch district, Gujarat"**

Sr. No.	Conditions	Compliance Status as on <b>30-09-2015</b>
2(vi)	The water quality parameters such as dissolved oxygen, ammonical nitrogen and other nutrients etc. should be measured at regular intervals to ensure adherence to the prescribed standards of water qualities. Suitable ground water monitoring should also be undertaken around the sludge lagoons and regular reports to be submitted to the Ministry for evaluation.	<ul style="list-style-type: none"> <li>• The waste water (if any) is being treated in ETP. Monitoring report of the treated effluent is enclosed as <b>Annexure-1</b>.</li> <li>• Sludge generated in the ETP is being disposed off through common TSDF facility.</li> <li>• The complete facility is on Navinal island and the area of ETP is paved therefore there is no possibility of contamination of water.</li> </ul>
2(vii)	Adequate culverts should be provided for smaller creeks so that breeding grounds for crabs, mud snappers and other marine organisms are not cut off by road construction activities.	Construction activity is already completed. Details of culverts provided is submitted to the Ministry of Environment and Forest along with half yearly compliance dated 02.12.2013
2(viii)	A hundred meter wide mangrove belt should be created all along the west of Navinal Creek till its junction up to new road. Green belt of 50 M width should also be provided all along the periphery of the plant site and along the roads, storage tanks etc. at 1500 trees per hectare. All details regarding the Mangrove belt and other afforestation work must be worked out in consultation with the State Forest Department, and details sent to the Ministry.	Details of the developed mangrove along the west of Navinal creek and green belt details are submitted to the Ministry of Environment and Forest along with half yearly compliance dated 02.12.2013. Details on mangroves afforestation carried out by APSEZL till date is annexed as <b>Annexure - 2</b> .
2(ix)	Arrangements should be made for ensuring fresh water availability for various project related activities. Special water harvesting programs should be undertaken in the project impact area. Details of these activities should be reported to the Ministry.	Details of the same is submitted to the Ministry of Environment and Forest along with half yearly compliance dated 02.12.2013.

## Status of the conditions stipulated in Environment and CRZ Clearance

**Half yearly Compliance report of Environment and CRZ Clearance for "Handling facility of General Cargo / LPG /Chemicals and their storage terminal at Navinal Island, Mundra taluka of Kutch district, Gujarat"**

Sr. No.	Conditions	Compliance Status as on 30-09-2015
2(x)	While filling the storage tanks, compatibility of the chemicals should be ensured for chemical safety. Since 5000 MT capacity is proposed to be created for cryogenic conditions, necessary HAZOP study should be initiated and submitted to the Ministry within three months. Calculations carried out on the basis of EFFECT MODEL for this storage should be rechecked for various accident scenarios. Keeping in view the safety aspects, Horton spheres of 1250 MT capacity each should be preferred.	Separate oil pipe lines and tanks have been provided for POL and Edible grade oil. However the project of storage for products in cryogenic conditions is not taken up.
2(xi)	The measures suggested by the Gujarat State Pollution Control Board in February, 1995 while according "No Objection Certificate" should be strictly followed and authorization certificate required for converting NOC into "consent to operate" should be submitted within three months.	Consent to operate (CC&A) has been obtained from GPCB vide consent no. AWH 60840 valid till 17 <sup>th</sup> November, 2016.
2(xii)	For ensuring the acceptance of the project by the local people, a Resolution of the Official Panchayat of the Region should be obtained offering their concurrence in writing by the project proponents and submitted to the Ministry by 31st October, 1995.	Resolution from the Panchayat has been obtained and submitted to the Ministry of Environment and Forest on 31 <sup>st</sup> July, 2012.

## Status of the conditions stipulated in Environment and CRZ Clearance

**Half yearly Compliance report of Environment and CRZ Clearance for "Handling facility of General Cargo / LPG /Chemicals and their storage terminal at Navinal Island, Mundra taluka of Kutch district, Gujarat"**

Sr. No.	Conditions	Compliance Status as on 30-09-2015
2(xiii)	A permanent staff structure should be created with latest R&D facilities and suitable equipments for environmental and forestry activities through creation of Environmental cell. Adequate funds should be earmarked for this cell.	<p>APSEZL has a well structured Environment Cell, staffed with qualified manpower for implementation of the Environmental Management Plan.</p> <p>Separate budget for the Environment Protection measures is earmarked every year. All environmental and horticulture activities are considered at group level and budget allocation is also done accordingly.</p> <ul style="list-style-type: none"><li>• The plan budget for Environment Cell for the year 2015-16 is 484.11 lacs.</li><li>• The spent budget for Environment Cell for the financial year 2015-16 (till Sept.'15) is 175.88 lacs.</li><li>• The allocated budget of Horticulture Cell for the year 2015-16 was 486.83 lacs.</li><li>• The spent budget of Horticulture Cell for the financial year 2015-16 (till Sept.'15) is 363.29 lacs.</li></ul>
2(xiv)	Landsat imagery should be obtained on a continuous basis covering various seasons to study the change in the land use pattern due to the project and project related activities.	Project is completed many years ago and now there is no further change envisaged in the land use due the project.

## Status of the conditions stipulated in Environment and CRZ Clearance

**Half yearly Compliance report of Environment and CRZ Clearance for "Handling facility of General Cargo / LPG /Chemicals and their storage terminal at Navinal Island, Mundra taluka of Kutch district, Gujarat"**

Sr. No.	Conditions	Compliance Status as on 30-09-2015
2(xv)	With a view to providing adequate job opportunities to local people, facilities for technical training and development of skills should be made available in consultation with the state Harbour Department, and to this end it must be ensured that there is allocation of adequate funds. The local people should be involved in the afforestation program proposed for the scheme to ensure public participation and success of vegetation programmes.	<ul style="list-style-type: none"> <li>• Adani Skill development center, Mundra is providing skill development training to the locals.</li> <li>• Preference is given to local people for employment based on their qualification and experience.</li> <li>• Approx. 980 locals (Kutchhi) are employed out of 4169 persons employed by Adani group at Mundra.</li> <li>• Local personnel and horticulture experts are involved in the afforestation programs.</li> <li>• Mangrove afforestation and maintenance at Mundra is being done through active participation of local fishermen.</li> <li>• Details on skill development training imparted during period of April, 15 to September, 15 by Adani Foundation are enclosed as <b>Annexure-3</b>.</li> </ul>
2(xvi)	Prior clearance must be taken under the Hazardous Chemicals (manufacture, import and storage) Rules 1989, as amended up to date, from the competent authority. Such clearance will have to be taken prior to the commissioning of the project.	Permission under MSIHC has been obtained and the details of the same has been submitted to Ministry of Environment and Forest along with the half yearly compliance report dated 02.12.2013.
2(xvii)	A detailed progress report should be submitted to the Ministry on each of the conditions stipulated above in respect of the follow-up action taken every six months. The first of these two reports should be sent in by 31.3.1996.	<p>Half yearly compliance report is being submitted regularly.</p> <p>Last half yearly compliance report was submitted to Ministry of Environment and Forest on 01.06.2015 in soft as well as hard copy.</p>

# Glimpse of Skill Development Initiatives by Adani Foundation

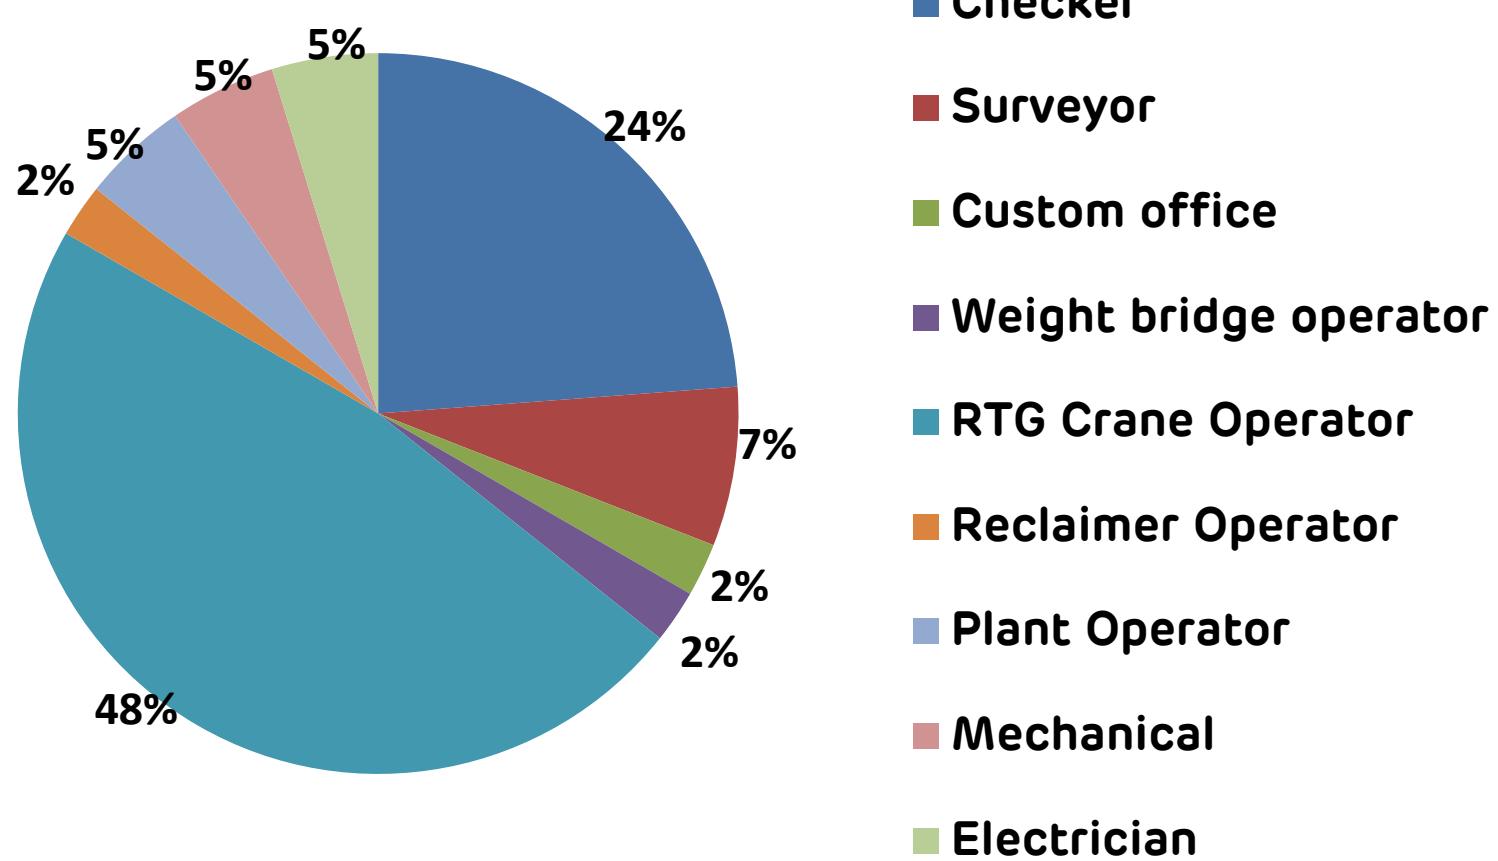

## Adani Skill Development Center: Mundra

The objective of Adani Skill Development Centre is to impart different kinds of trainings to the students of 10<sup>th</sup>, 12<sup>th</sup> or ITI from surrounding areas. Thus various employment oriented programmes are organized to optimize the skills, art and knowledge through proper guidance and direction.
