Subject: Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat - CRZ Clearance - reg.

Sir,

This has reference to your proposal No. IA/GJ/CRZ/408919/2022 dated 26th December, 2022 on the above mentioned project proposal for CRZ Clearance, in accordance with the provisions of the Coastal Regulation Zone (CRZ) Notification, 2011 issued under the Environment (Protection) Act, 1986.

- 2. The Ministry of Environment, Forest and Climate Change has examined the proposal for CRZ Clearance to the project for Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat.
- 3. The proposal was considered by the Expert Appraisal Committee (EAC) for Infrastructure Development, Coastal Regulation Zone, Building / Construction and Miscellaneous projects, in its meeting held on 17th January, 2023. The project proponent and their consultant made detailed presentation and informed as under:
 - (i). M/s MPSEZ Utilities Ltd (MUL) through co-developer agreement with APSEZ, formed to provide infrastructure facilities within SEZ at Mundra. MUL obtained status of Distribution Licensee *vide* GoI notification dated 3rd March 2010.
- (ii). To cater the power demand within the APSEZ area, MUL has proposed 66kV Transmission Line connecting the existing 66kV MRSS MITAP Double Circuit Transmission line and 66 KV EHV S/s-2 in South Zone (Mundra South Port).
- (iii). The proposed Transmission Line will be developed within APSEZ area, Mundra Tehsil, Kachchh district, Gujarat. The latitude 22°44'36.85"N and Longitude 69°39'58.76"E. Transmission Line Length 7.1 km, Width 18m, Transmission line will be developed majorly in APSEZ area.
- (iv). Crosses the Baradimata Creek including Forest Area. Total 31 pylons will be installed with only 1 pylon in Forest Area. Crosses the Forest Land over an area of 0.40 Ha (~222.64 m), Stage 1 Forest Clearance has been granted.
- (v). Transmission line will be crossing the Creek region; however, no pylons will be constructed in the Creek.
- (vi). Water Requirement (Existing APSEZ Source): Construction phase 3 KLD, Operation phase 0.3 KLD.
- (vii). Power Requirement: Construction phase 15 to 20 KW per day and a DG Set of 25 KVA and Operation phase No Power requirement.

Jamy

- (viii). The proposed Transmission S. N Particulars Remarks line falls majorly within APSEZ and small section crosses the Baradimata Creek and Forest area (0.40 ha.) for which MUL has obtained Stage-1 Clearance *via* File No.6-GJB080/2020-BHO, dated 12/07/2021
- (ix). CRZ compatibility:

The Crossing length of Proposed 66 KV Transmission Line & Pylon under the CRZ Classes as Length (in meters)

S.No	Proposed Project Activities	CRZ IA	CRZ IB	CRZ III (NDZ)	CRZ IVB
1	18 m 66KV Transmission Line Corridor	4169.65	267.63	1838.33	493.85
2	Pylon	537.7	18	198.68	-

The Footprint of Proposed Piles supporting the Pylon under the CRZ Classes as Area (in Sq.m)

S. No	Proposed Project Activities	CRZ IA	CRZ IB	CRZ III (NDZ)
1	Piles	74.99	4	37

- (x). As per the clause 4.(ii).(d) and 8.I.(i).(b) of CRZ notification 2011, "laying of pipelines, conveying systems, transmission line" is a permissible activity in CRZ Area and requires prior CRZ clearance.
- (xi). Baseline environmental monitoring was carried out in the months of December 2018 to March 2019, in order to assess the quality of terrestrial and marine environment. Additional baseline environmental monitoring has been conducted during March to June 2022 through NABL accredited agency to meet the MoEF&CC requirement.
- (xii). MUL will utilize the existing well-developed DMP of APSEZ during the emergency situations that may arise from the Transmission Line. Disaster Management Plan has been drawn for natural disasters such as earthquake, cyclone, tsunami, flood and man-made disaster such as fire. The project site is falling under Zone V (Highest Risk Zone) Seismic Zone.
- (xiii). Solid Waste such as excavated soil, paints, lubricants, diesel oil containers or any other non-biodegradable wastes shall be collected and disposed as per the applicable environmental guidelines. Municipal solid wastes handled and disposed off as per Solid Wastes Management (Management and Handling) Rules. Waste such as carboys, drums, containers etc. handled though authorized vendors as per Hazardous and other waste (Management and Trans boundary Movement) Rules, 2016. Construction waste will be handled inline to Construction and Demolition waste rules.
- (xiv). Waste generated during operation phase handled inline to existing practice 5R principles (Reduce, Reuse, Reprocess, Recycle and Recover) and Zero Waste to Landfill initiative.
- (xv). No mangrove cutting is involved.
- (xvi). The power requirement of the transmission line facility / infrastructure will be sourced from existing facilities and services i.e. power requirement will be met by

MUL as MUL is the Co-developer of APSEZ and Power Distribution Licensee. The construction phase Power requirement will be 15 to 20 KW per day and a DG Set of 25 KV will be made available. No Operational Phase power requirement.

- (xvii). The cost of the project is ₹15 Crores.
- (xviii). The Gujarat Coastal Zone Management Authority *vides* its letter No. ENV-10-2020-125-T dated 20/10/2022, has recommended the project for CRZ clearance.
 - 4. The EAC made detailed deliberation on the proposal. The Committee noted that bird diverters shall be installed after identifying the stretch requiring diverts. The Committee has also deliberated the baseline data and additional baseline studies conducted. The Committee further also noted as per the clause 4.(ii).(d) and 8.I.(i).(b) of CRZ notification 2011, "laying of pipelines, conveying systems, transmission line" is a permissible activity and GCZMA recommended the project for CRZ clearance.
 - 5. Based on the recommendation of the Gujarat Coastal Zone Management Authority and considering the submissions made by the project proponent, the Ministry of Environment, Forest and Climate Change, in acceptance of the recommendations of the Expert Appraisal Committee (CRZ), hereby accords CRZ Clearance to the project for Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat, under the provisions of the CRZ Notification, 2011 and amendments thereto, subject to the compliance of terms and conditions as under:-

PART A - SPECIFIC CONDITIONS:

- (i). All construction shall be strictly in accordance with the provisions of CRZ Notification, 2011 and as amended from time to time.
- (ii). Prior Forest Clearance under Forest (Conservation) Act, 1980 shall be obtained, as applicable.
- (iii). No mangroves will be cut for the purpose of developing transmission corridor.
- (iv). The construction of the Pylon shouldn't cause significant disturbance in CRZ 1A area and foot print of construction should be minimum.
- (v). Bird diverters should be installed in transmission line, in the identified stretches, so as to avoid accidental collision of birds through systematic monitoring of bird movement with support of reputed institutions such as GUIDE.
- (vi). No excavated material during the construction shall be dumped in water bodies or adjacent areas to avoid blockage. The site shall be restored to its near original condition after completion of construction of work by removing all debris to facilitate free flow of water.
- (vii). No groundwater shall be extracted within CRZ area to meet the water requirements during the construction and / or operation phase of the project.
- (viii). Permanent labour camp, machinery and material storage shall not be set up in the CRZ area.
- (ix). Any temporary physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project.
- (x). All the conditions stipulated by the Gujarat Coastal Zone Management Authority for CRZ clearance *vide* its letter No. ENV-10-2020-125-T dated 20/10/2022, and commitments made by the PP before the CZMA and EAC shall be followed in letter and spirit.
- (xi). All necessary clearance from the concerned authority, as may be applicable should be obtained prior to commencement of the project or activity.

June

PART B - GENERAL CONDITIONS:

- (i). Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.
- (ii). 'Consent to Establish' and /or 'Consent to Operate' shall be obtained from State Pollution Control Board under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and / or the Water (Prevention and Control of Pollution) Act, 1974, as may be applicable.
- (iii). Disposal of muck during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of Competent Authority.
- (iv). All liquid waste arising from the proposed development will be disposed of as per the norms prescribed by Central / State Pollution Control Board. There shall not be any disposal of untreated effluent into the sea / coastal water bodies. It shall be ensured that the wastewater generated is treated in the STP as committed by the project proponent. The treated waste water shall be reused for landscaping, flushing and / or HVAC cooling purposes etc. within the development. The project proponent should also make alternate arrangement for situation arising due to malfunctioning of STP. There shall be regular monitoring of standard parameters of the effluent discharge from STP under intimation to the SPCB.
- (v). Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.
- (vi). A copy of the clearance letter shall be uploaded on the website of the concerned State Coastal Zone Management Authority/State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office/ Tehsildar's office for 30 days.
- (vii). A six-monthly monitoring report shall need to be submitted by the project proponent to the concerned Regional Office of this Ministry regarding the implementation of the stipulated conditions.
- (viii). The Ministry of Environment, Forest & Climate Change or any other Competent Authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.
- (ix). Full co-operation shall be extended to the officials from the Regional Office of MoEF&CC, during monitoring of implementation of environmental safeguards stipulated. It shall be ensured that documents/data sought pertinent is made available to the monitoring team. A complete set of all the documents submitted to MoEF&CC shall be forwarded to the concerned Regional Office of MoEF&CC.
- (x). In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry.
- (xi). The Ministry reserves the right to add additional safeguard measures subsequently, if considered necessary, and to take action to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner, including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, for non-compliance.
- (xii). All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponent from the respective Competent Authorities.

bul

- (xiii). The project proponent should advertise in at least two local Newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be seen on the website of the Ministry of Environment, Forest and Climate Change at https://parivesh.nic.in/. The advertisement should be made within Seven days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the concerned Regional Office of this Ministry.
- (xiv). A copy of the clearance letter shall be sent by the proponent to concerned Panchayat, Zilla Parisad/Municipal Corporation, Urban Local Body and the Local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.
- (xv). The proponent shall upload the status of compliance of the stipulated conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF&CC, the respective Zonal Office of CPCB and the SPCB.
- (xvi). The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the project proponent along with the status of compliance of clearance conditions and shall also be sent to the respective Regional Office of the Ministry by e-mail.
- 6. This Clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs Union of India in Writ Petition (Civil) No.460 of 2004 as may be applicable to this project.
- 7. The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the CRZ clearance, if implementation of any of the above conditions is not found satisfactory.
- 8. Concealing factual data or submission of false / fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
- 9. Any appeal against this CRZ clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
- 10. The above conditions shall be enforced, *inter-alia* under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- 11. This issues with approval of the Competent Authority.

Status of the Conditions Stipulated in CRZ Clearance

Sr. No.	Conditions	Compliance Status as on 30.09.2023
	the quality of terrestrial and marine environment. Additional baseline environmental monitoring has been conducted during March to June 2022 through NABL accredited agency to meet the MoEF8CC requirement.	
(xii)	MUL will utilize the existing well-developed DMP of APSEZ during the emergency situations that may arise from the Transmission Line. Disaster Management Plan has been drawn for natural disasters such as earthquake, cyclone, tsunami, flood and man-made disaster such as fire. The project site is falling under Zone V (Highest Risk Zone) - Seismic Zone.	Point noted and Complied. In case of emergency situations MUL will be utilized existing facilities of Disaster Management Plan for APSEZ, Mundra is in place and updated regularly. Copy of DMP attached as Annexure – 2. As well as utilized updated On-Site Emergency Response Plan and Crisis Management Plan of APSEZ, Mundra is in place and implemented. Copy of On-Site Emergency Response Plan attached as Annexure – 2.
(xiii)	Solid Waste such as - excavated soil, paints, lubricants, diesel oil containers or any other non-biodegradable wastes shall be collected and disposed as per the applicable environmental guidelines. Municipal solid wastes handled and disposed off as per Solid Wastes Management (Management and Handling) Rules. Waste such as carboys, drums, containers etc. handled though authorized vendors as per Hazardous and other waste (Management and Trans boundary Movement) Rules, 2016. Construction waste will be handled inline to Construction and Demolition waste rules.	Point noted and Complied. Solid waste is being collected during construction phase in regular basis and collected dry waste is being transported to central Material Recovery Facility (MRF), APSEZ. Waste materials is being sorted out in different streams e.g. paints, lubricants, diesel oil containers or any other non-biodegradable etc. and disposed off as per Solid Wastes Management (Management and Handling) Rules 2016. Hazardous wastes generated from project is being managed in line with Hazardous and other Waste Management Rules, 2016.
(xiv)	Waste generated during operation phase handled inline to existing practice - 5R principles (Reduce, Reuse, Reprocess, Recycle and Recover) and Zero Waste to Landfill initiative.	No waste will be generated during the operation phase because it is one time development activity for 18m 66 KV Transmission Corridor. MUL has manage all waste generated during the construction phase with coordination of APSEZ. APSEZ has adopted 5R concept for environmentally sound management for proper segregation of different types of wastes. APSEZ have centralized Material Recovery Facility (MRF) inside port premises of APSEZ.

NO.		APSEZ, Mundra is certified for Zero Waste to Landfill management system (ZWTL MS 2020) by TUVRheinland India Pvt. Ltd. (valid up to 31.05.2024). Copy of certificate is attached as Annexure - 2.
(xv)	No mangrove cutting is involved.	
(xvi)	The power requirement of the transmission line facility / infrastructure will be sourced from existing facilities and services i.e. power requirement will be met by MUL as MUL is the Codeveloper of APSEZ and Power Distribution Licensee. The construction phase Power requirement will be 15 to 20 KW per day and a DG Set of 25 KV will be made available. No Operational Phase power requirement.	Point noted and will be Complied.
(xvii)	The cost of the project is 15 Crores.	Point noted and Agreed.
xviii)	The Gujarat Coastal Zone Management Authority vides its letter No. ENV-10-2020-125-T dated 20/10/2022, has recommended the project for CRZ clearance.	Point noted and Complied. GCZMA has recommended for CRZ clearance to M/s. MPSEZ Utilities Ltd (MUL) vide letter no. ENV-10- 2020-125-T dated 20/10/2022 for "Development of 18m 66 KV Transmission Corridor at Mundra, Kachchh (Copy attached as Annexure - 3) and its compliance report is attached as Annexure - 4.
4.	The EAC made detailed deliberation on the proposal. The Committee noted that bird diverters shall be installed after identifying the stretch requiring diverts. The Committee has also deliberated the baseline data and additional baseline studies conducted. The Committee further also noted as per the clause 4.(ii).(d) and 8.I.(i).(b) of CRZ notification 2011, "laying of pipelines, conveying systems, transmission line" is a permissible activity and GCZMA recommended the project for CRZ clearance.	Point noted and Agreed. MUL will install the bird flight diverter or reflector on 66 KV transmission line to avoid the accident of birds during flying of birds with consultation with of GUIDE or other relevant institutional.
5.	Based on the recommendation of the Gujarat Coastal Zone Management Authority and considering the submissions made by the project proponent, the Ministry of Environment, Forest and Climate Change, in	Point noted and Agreed.

(iv)	The construction of the Pylon shouldn't cause significant disturbance in CRZ 1A	Point noted & being complied.
	area and <u>foot printfootprint</u> of construction should be minimum.	Please refer compliance of condition no. (iii) for further details.
		MUL is being constructed constructing the pylon and developing overhead transmission corridor with minimum area disturbance, for developing the 66 KV transmission line corridor with safe environment manner.
		MUL is also ensuring that there is no any significant disturbance in CRZ area and footprint of the construction should be minimum on ground level as far as possible, frequently conducting the training awareness programme for transmission line corridor construction developer labour workers for avoiding disturbance of CRZ 1A area and work with safe environment manner.
(>)	Bird diverters should be installed in transmission line, in the identified stretches, so as to avoid accidental collision of birds through systematic monitoring of bird movement with support of reputed institutions such as GUIDE.	Point noted & will be complied. MUL will be installed the bird flight diverters or reflectors on 66 KV transmission line to avoid the accidental collision of birds accident of birds during its flying and monitoring of bird movement will also be caried out through reputed institute like GUIDE of birds with consultation with GUIDE or other relevant institutional.
(vi)	No excavated material during the construction shall be dumped in water bodies or adjacent areas to avoid blockage. The site shall be restored to its near original condition after completion of construction of work by removing all debris to facilitate free flow of water.	Point noted & being complied. Partially project activity has done and no excavated material disposed-off in water bodies during the construction work. All the construction debris, excavated soil wastes generated during construction of pylon have been collected as per the applicable environmental guidelines and reused for restoration to maintain the original condition after completion of construction of work. The same good practice will be adopted during
(vii)	No groundwater shall be extracted within CRZ area to meet the water requirements during the construction	balance project development. Being complied. MUL does not draw any ground water for the

	and / or operation phase of the project.	water requirement during construction as well as operation phase. Present source of water for project activities is desalination plant of APSEZ and/or water through Gujarat Water Infrastructure Limited (GWIL).
(viii)	Permanent labour camp, machinery and material storage shall not be set up in the CRZ area.	Point noted and agreed. No permanent labour camp required as the local manpower are being utilized during construction phase. All the activities are being done in in accordance with the provisions of the CRZ Notification, 2011, as amended from time to time.
(ix)	Any temporary physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project.	Complied. There is no requirement of temporary physical infrastructure setup as the local manpower are being utilized during construction phase. The construction debris, excavated soil wastes generated during construction of pylon have been collected as per the applicable environmental guidelines and reused for restoration to maintain the original condition after completion of construction of work. The same practice will be adopted during balance project activities development of Rail, Road and Utility corridor project.
(x)	All the conditions stipulated by the Gujarat Coastal Zone Management Authority for CRZ clearance vide its letter No. ENV-10-2020-125-T dated 20/10/2022, and commitments made by the PP before the CZMA and EAC shall be followed in letter and spirit.	Point noted and Compliedagreed. GCZMA has recommended for CRZ clearance to M/s. MPSEZ Utilities Ltd (MUL) vide letter no. ENV-10- 2020-125-T dated 20/10/2022 for "Development of 18m 66 KV Transmission Corridor" at Mundra, Kachchh (Copy attached as Annexure – 3). There is no any specific conditions imposed in CRZ recommendations letter by GCZMA, and its compliance report is attached as Annexure – 4.
(xi)	All necessary clearance from the concerned authority, as may be applicable should be obtained prior to commencement of the project or activity.	Point Noted and compiled. All the requisite permissions / clearances obtained from the concerned authorities for "Development of 18m 66 KV Transmission Corridor".

Status of the Conditions Stipulated in CRZ Clearance

Sr.	Conditions	Compliance Status as on
No.	PART B - GENERAL CONDITIONS:	30.09.2023
(i)	Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.	Complied. Solid waste will beis being collected during construction phase in regular basis. Collected dry waste is being transported to APSEZ Material Recovery Facility (MRF) where it will be sorted out in different streams e.g. paints, lubricants, diesel oil containers or any other non-biodegradable etc. and disposed off as per Solid Wastes Management (Management and Handling) Rules, 2016.
(ii)	'Consent to Establish' and /or 'Consent to Operate' shall be obtained from State Pollution Control Board under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and / or the Water (Prevention and Control of Pollution) Act, 1974, as may be applicable.	Not applicable. 'Consent to Establish' and /or 'Consent is not required for this project activity as per GPCB notification for project/industrial categorization because it is one time development activity for 18m 66 KV Transmission Corridor.
(iii)	Disposal of muck during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of Competent Authority.	No excavated muck has been generated and disposed-off. Construction waste, if any, is utilized for area development within the project site. The same practice will be adopted during balance project development.
(iv)	All liquid waste arising from the proposed development will be disposed of as per the norms prescribed by Central / State Pollution Control Board. There shall not be any disposal of untreated effluent into the sea / coastal water bodies. It shall be ensured that the wastewater generated is treated in the STP as committed by the project proponent. The treated waste water shall be reused for landscaping, flushing and / or HVAC cooling purposes etc. within the development. The project proponent should also make alternate arrangement for situation arising due to malfunctioning of STP. There shall be regular monitoring of standard parameters of the effluent discharge from STP under intimation to the SPCB.	The generated domestic sewage during construction phase of 18m 66 KV transmission line was treated in to centralized STP of APSEZ and disposed on land for horticulture purpose after confirming the GPCB norms and the same practice will be continued during balance project development. The operation of said transmission corridor will be carried out by existing manpower of MUL only. This is one time development activity and during operation phase no domestic sewage will be generate.

	Notification, 2011 and as amended from time to time.	All construction is being done in accordance with the provisions of CRZ Notification, 2011 and as amended from time to time.
(ii)	Prior Forest Clearance under Forest (Conservation) Act, 1980 shall be	Point noted and Complied.
	obtained, as applicable.	In the overhead transmission corridor project, total 31 pylons will be installed. only 01 pylon out of 31 pylons will fall in forest area and others (30 pylons) will fall in approved area of APSEZ. MUL has been granted Stage – 1 forest clearance for diversion of 0.4 Ha area vide F. No. 6GJB080/2020-BHO dated 12.07.2021 from MoEF&CC and working permission vide letter No. C/JMN/T.9/52-55, dated 29.04.2023 from Forest department, Bhuj Kutch (East division). Copy of the Stage-1 Forest clearance and working permission is attached as
/:::\	No mangroves will be cut for the purpose	Annexure - 1 & 2 respectively. Being complied
(iii)	of developing transmission corridor.	In the overhead transmission corridor project, total 31 pylons will be installed. only 01 pylon (4 Sqm) out of 31 pylons will fall in CRZ-IA (Mangrove buffer area) and others (30 pylons) will fall in approved area of APSEZ. Hence, there is no impact on mangroves due to developing transmission corridor.
(iv)	The construction of the Pylon shouldn't cause significant disturbance in CRZ 1A area and footprint of construction should be minimum.	Point noted & being complied. Please refer compliance of condition no. (iii) for further details.
		MUL is constructing the pylon and developing overhead transmission corridor with minimum area disturbance. MUL is also ensuring that there is no any significant disturbance in CRZ area and footprint of the construction should be minimum on ground level as far as possible.
(v)	Bird diverters should be installed in transmission line, in the identified stretches, so as to avoid accidental collision of birds through systematic monitoring of bird movement with	Point noted & will be complied. MUL will install the bird flight diverters or reflectors on 66 KV transmission line to avoid the accidental collision of birds during its flying

	support of reputed institutions such as GUIDE.	and monitoring of bird movement will also be caried out through reputed institute like GUIDE.
(vi)	No excavated material during the construction shall be dumped in water bodies or adjacent areas to avoid blockage. The site shall be restored to its near original condition after completion of construction of work by removing all debris to facilitate free flow of water.	Point noted & being complied. Partially project activity has done and no excavated material disposed-off in water bodies during the construction work. All the construction debris, excavated soil wastes generated during construction of pylon have been collected as per the applicable environmental guidelines and reused for restoration to maintain the original condition after completion of construction of work. The same good practice will be adopted during balance project development.
(vii)	No groundwater shall be extracted within CRZ area to meet the water requirements during the construction and / or operation phase of the project.	Being complied. MUL does not draw any ground water for the water requirement during construction as well as operation phase. Present source of water for project activities is desalination plant of APSEZ and/or water through Gujarat Water Infrastructure Limited (GWIL).
(viii)	Permanent labour camp, machinery and material storage shall not be set up in the CRZ area.	Point noted and agreed. No permanent labour camp required as the local manpower are being utilized during construction phase. All the activities are being done in in accordance with the provisions of the CRZ Notification, 2011, as amended from time to time.
(ix)	Any temporary physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project.	Complied. There is no requirement of temporary physical infrastructure setup as the local manpower are being utilized during construction phase. The construction debris, excavated soil wastes generated during construction of pylon have been collected as per the applicable environmental guidelines and reused for restoration to maintain the original condition after completion of construction of work.

		The same practice will be adopted during
(x)	All the conditions stipulated by the Gujarat Coastal Zone Management Authority for CRZ clearance vide its letter No. ENV-10-2020-125-T dated 20/10/2022, and commitments made by the PP before the CZMA and EAC shall be followed in letter and spirit.	balance project activities. Point noted and agreed. GCZMA has recommended for CRZ clearance to M/s. MPSEZ Utilities Ltd (MUL) vide letter no. ENV-10- 2020-125-T dated 20/10/2022 for "Development of 18m 66 KV Transmission Corridor" at Mundra, Kachchh (Copy attached as Annexure – 3). There is no any specific conditions imposed in CRZ recommendations
(xi)	All necessary clearance from the concerned authority, as may be applicable should be obtained prior to commencement of the project or activity.	letter by GCZMA. Point Noted and compiled. All the requisite permissions / clearances obtained from the concerned authorities for "Development of 18m 66 KV Transmission Corridor".
	PART B - GENERAL CONDITIONS:	
(i)	Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.	Solid waste is being collected during construction phase in regular basis. Collected dry waste is being transported to APSEZ Material Recovery Facility (MRF) where it will be sorted out in different streams e.g. paints, lubricants, diesel oil containers or any other non-biodegradable etc. and disposed off as per Solid Wastes Management (Management and Handling) Rules, 2016.
(ii)	'Consent to Establish' and /or 'Consent to Operate' shall be obtained from State Pollution Control Board under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and / or the Water (Prevention and Control of Pollution) Act, 1974, as may be applicable.	Not applicable. 'Consent to Establish' and /or 'Consent is not required for this project activity as per GPCB notification for project/industrial categorization.
(iii)	Disposal of muck during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of Competent Authority.	Complied No excavated muck has been generated and disposed-off. Construction waste, if any, is utilized for area development within the project site. The same practice will be adopted during balance project development.
(iv)	All liquid waste arising from the proposed development will be disposed	Complied

	of as per the norms prescribed by Central / State Pollution Control Board. There shall not be any disposal of untreated effluent into the sea / coastal water bodies. It shall be ensured that the wastewater generated is treated in the STP as committed by the project proponent. The treated waste water shall be reused for landscaping, flushing and / or HVAC cooling purposes etc. within the development. The project proponent should also make alternate arrangement for situation arising due to malfunctioning of STP. There shall be regular monitoring of standard parameters of the effluent discharge from STP under intimation to the SPCB.	The generated domestic sewage during construction phase of 18m 66 KV transmission line was treated in to centralized STP of APSEZ and disposed on land for horticulture purpose after confirming the GPCB norms and the same practice will be continued during balance project development. The operation of said transmission corridor will be carried out by existing manpower of MUL only.
(v)	Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.	Complied The hazardous waste is being collected in centralized waste management facility at APSEZ premises and disposed to the authorized vendors as per Hazardous and Other Wastes (Management and Handling) Rules, 2016.
(vi)	A copy of the clearance letter shall be uploaded on the website of the concerned State Coastal Zone Management Any hazardous waste Authority/State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office/ Tehsildar's office for 30 days.	The copy of CRZ clearance letter has been submitted to the respective concerned authorities the District Collector Office, Bhuj, the Deputy Chief Conservator of Forest office, Bhuj, District Industries Centre office, Bhuj, Range Forest Office, Mundra, GPCB Reginal Office, Gandhidham, Sub District Magistrate office, Mundra, Mamlatdar Office, Mundra, and Taluka Vikas Adhikari office, Mundra. with the request for display at least for 30 days. The acknowledgements are attached as ANNEXURE – 4.
(vii)	A six-monthly monitoring report shall need to be submitted by the project proponent to the concerned Regional Office of this Ministry regarding the implementation of the stipulated conditions.	Point noted and being complied. As our project for 18m 66 KV transmission line corridor project work is going on, hence we are submitting first half yearly compliance report to all the concerned authorities for the period Apr'23 to Sep'23 and now onwards we will submit half yearly compliance report on regular basis within defined timeline.

The Additional Chief Secretary (Forests)

Govt. of Gujarat Block No. 14, 8th Floor, New Sachivalaya Gandhinagar, Gujarat.

Sub: In-principle (Stage-I) approval of Central Government under Forest (Conservation) Act 1980 for diversion of 0.40 ha Protected Forest land for installation of 66 KV overhead transmission line by DISCOM in their licensee area in Mundra SEZ, Ta-Mundra in favour of MPSEZ Utilities Pvt. Ltd in Kachchh District of Gujarat-reg.

Sir.

This refers to letter No. FCA-1020/3-15/20/SF-205/F dated 03/12/2020 and even letter dated 15/06/2021 of the State Government, Gujarat on the above mentioned subject seeking prior approval of the Ministry of Environment, Forest and Climate Change under section 2 of Forest (Conservation) Act, 1980.

The proposal was duly considered and approved by the Central Govt. for issuance of in-principle approval. Therefore, the undersigned, on behalf of the Central Government, conveys In-Principle Approval for diversion of 0.40 ha Protected Forest land for installation of 66 KV overhead transmission line by DISCOM in their licensee area in Mundra SEZ, Ta-Mundra in favour of MPSEZ Utilities Pvt. Ltd in Kachchh District subject to the following terms and conditions:-

- Conditions which need to be complied prior with handing over of forest land by A: the State Forest Department.
- The cost of compensatory afforestation on the CA land (1.00 ha) at the prevailing wage rates as per compensatory afforestation scheme (including the cost of survey, demarcation and erection of permanent pillars etc. as required for securing the land against encroachment) shall be deposited in advance with the State Forest Department by the project authority. The CA will be maintained for 10 years. The scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years.
- The State Government shall charge the Net Present Value (NPV) for the 0.40 ha (2) forest area to be diverted under this proposal from the User Agency as per the order of the Hon'ble Supreme Court of India dated 30/10/2002, 01/08/2003, 28/03/2008, 24/04/2008 and 09/05/2008 in IA No. 566 in WP (C) No. 202/1995 and as per the guidelines issued by the Ministry vide letters No. 5-1/1998-FC (Pt.II) dated 18/09/2003, as well as letter No. 5-2/2006-FC dated 03/10/2006 and 5-3/2007-FC dated 05/02/2009 and chapter 3 of FCA Handbook, 2019 in this regard.

- (3) The User Agency should prepare a site specific Wildlife Management Plan to mitigate the effects of the project over wildlife before the issuance of Stage-II approval and implemented by User Agency at their own project cost.
- (4) All the funds received from the user agency under the project shall be transferred / deposited to CAMPA fund only through e-portal (https://parivesh.nic.in/).
- (5) The complete compliance of the FRA, 2006 shall be ensured by way of prescribed certificate from the concerned District Collector.
- Violation of any of these conditions will amount to violation of Forest (Conservation)
 Act, 1980 and action would be taken as prescribed in Para 1.21 of Chapter 1 of the
 Handbook of Comprehensive Guidelines of Forest (Conservation) Act, 1980 as issued
 by this Ministry's letter No.5-2/2017-FC dated 28.03.2019.
- (7) The compliance report shall be uploaded on e-portal (https://parivesh.nic.in/).
- (8) The KML files of diverted area and CA areas shall be uploaded on the e-Green watch portal with all requisite details prior to Stage-II approval
- B: Conditions which need to be strictly complied on field after handing over of forest land to the User Agency by the State Forest Department but the compliance in form of undertaking shall be submitted prior to Stage-II approval:
- (1) Legal status of the forest land shall remain unchanged.
- (2) Compensatory afforestation shall be taken up by the Forest Department over 1.00 ha degraded forest land at Compartment No. 25/Pt, Village-Bocha, Taluka-Mundra, District-Kachchh at the cost of the user agency. As far as possible, a mixture of local native species shall be planted and monoculture of any species, especially non-native species should be avoided.
- (3) Additional amount of the NPV of the diverted forest land, if any, becoming due after finalization of the same by the Hon'ble Supreme Court of India on receipt of the report from the Expert Committee, shall also be charged by the State Government from the User Agency. The User Agency shall furnish an undertaking to this effect.
- (4) No tree felling shall be involved in the implementation of this project.
- The User Agency should fence the base of the tower by Chain Link Fencing to prevent the electrocution of Elephant/ Wild Animals in forest area at their own cost. The concerned DCF shall inspect the area and shall take a decision as to the specific towers which shall be fenced.
 - (6) The User Agency shall comply with the guideline for laying transmission lines through forest as per Chapter 10 of FCA, 1980 Handbook, 2019.
 - (7) The boundary of the diverted forest land shall be suitably demarcated on ground at the project cost, as per the directions of the concerned Dy. Conservator of Forest.
 - (8) The layout plan of the proposal shall not be changed without prior approval of Central Government.
 - (9) No labour camp shall be established on the forest land.
 - (10) The User Agency shall provide alternate fuels preferably LPG to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas.

4979/2021

- (11) No additional or new path will be constructed inside the forest area for transportation of construction materials for execution of the project work.
- The period of diversion under this approval shall be co-terminus with the period of the (12)project life.
- The forest land shall not be used for any purpose other than that specified in the (13)project proposal.
- The forest land proposed to be diverted shall under no circumstances be transferred to any other agencies, department, or person without prior approval of Central (14)Government.
- Any other condition that the Ministry of Environment, Forest & Climate Change may stipulate from time to time in the interest of conservation, protection and development (15)of forest & wildlife.
- 2. After receipt of the compliance report regarding fulfillment of the conditions as stipulated above, from the State Government, formal approval will be issued in this regard under Section 2 of Forest (Conservation) Act, 1980. Transfer of forest land to user agency should not be given effect to by the State Government till formal order approving diversion of forest land is issued by the Central Government. To facilitate speedy execution of this project involving diversion for the transmission line, the in-principle approval may be deemed as the permission for commencement of works, if the required funds for CA, NPV and other compensatory levies specified in the in-principle approval are realized from the user agency and accordingly the State Government, by passing an order, may allow the commencement of work of the linear project in forest land for a period of one year (The detail guideline issued vide Ministry letter No. 11-306/2014-FC, dated 28.08.2015 may be referred).

This has been issued with the approval of the Competent Authority.

Yours faithfully.

Sub: CRZ Clearance for Proposed 18m 66KV Transmission Corridor by M/s. MPSEZ

Utilities Ltd. (MUL), Mundra, Kachchh District, Gujarat. – reg.

Ref: M/s MPSEZ Utilities Limited (MUL) CRZ Clearance Application dated – 11.07.2020.

M/s. MPSEZ Utilities Ltd. (MUL), Mundra vide its application dated 11.07.2020 has approached this Authority seeking recommendations for obtaining CRZ Clearance from MOEF & CC, GOI for obtaining CRZ Clearance for their proposed 18m 66KV Transmission Corridor by M/s. MPSEZ Utilities Ltd. (MUL), Mundra, Kachchh District, Gujarat.

The Authority was apprised that M/s. MPSEZ Utilities Ltd. (MUL), Mundra has submitted Form-1, CRZ map and EIA report and all necessary documents as per the requirement of CRZ Notification, 2011.

The authority was apprised that MUL is a subsidiary company of M/s. Adani Port SEZ is proposed to develop a 18m wide, 66KV transmission line corridor, from the west side of the south port / GSPC LNG Terminal. The proposed transmission line will have approximate length of 7.1 km. The transmission line proposed to cater the power demand within the APSEZ area, MUL has proposed 66kV Transmission Line connecting the existing 66kV MRSS – MITAP Double circuit Transmission line and 66 KV EHV S/s-2 in South Zone.

The transmission line has been proposed to construct on pylons, the same will not fall on creek and does not obstruct the flow of creek. Total 31 towers will be constructed for the proposed transmission line. Only 01 tower (pylon) out of 31 towers will fall in Forest / CRZ area (CRZ – IA Mangrove buffer area) and others (30 towers) will fall in approved area of APSEZ. MOEF & CC, GOI already granted Stage- 1 forest clearance for an area of 0.4 Ha falls within the proposed transmission corridor to the project proponent vide dated 12/07/2021.

The authority was further appraised that, it was decided by the team of officials in its 19th meeting held on 16/02/2022 to put up this proposal for recommendation of GCZMA, as per the application, the project falls in CRZ area as per the superimposition of proposed project on approved CZMP of Gujarat state through an authorized agency and the same are permissible activities as per provisions of CRZ Notification 2011.

Subsequently the Authority deliberated the proposal of M/s. MPSEZ Utilities Ltd. (MUL), Mundra in its 60th GCZMA held on 14/03/2022 and after detailed discussion, it is decided to recommend the proposal as per CRZ provisions and permissible activities under CRZ Notifications to Ministry of Environment, Forest and Climate Change, Government of India to grant CRZ Clearance for their proposed 18m 66KV Transmission Corridor by M/s. MPSEZ Utilities Ltd. (MUL), Mundra, Kachchh District, Gujarat .

Thanking You

Your Sincerely,

[Nischal Joshi]

એન. રઘુરામન મેનેજમેન્ટ ગુરુ,[raghu@dbcorp.in]

નામમાં શું છે, ઓરિજિનલ હોવું જરૂરી છે

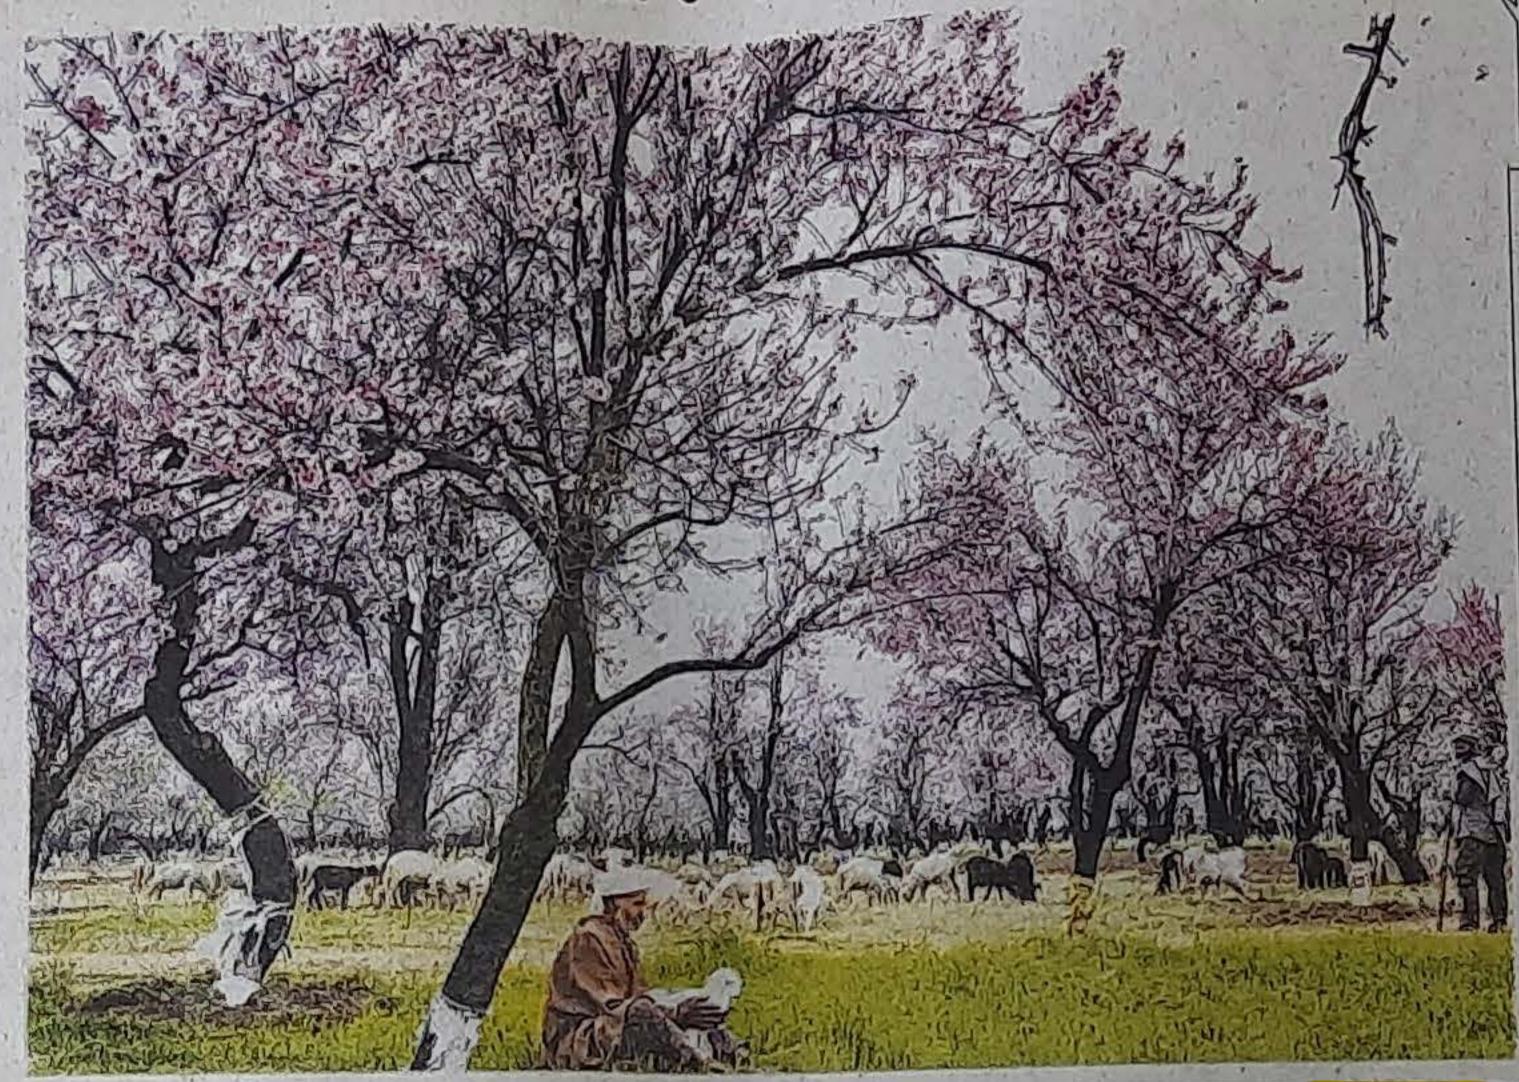

હું આખરે સેન્ડિવચના દેશ તુર્કીથી પાછો કર્યો છું. એક વખત મોઢામાં સમાઈ જાય તેવી સુપર મિની સેન્ડિવચથી માંડીને મલ્ટી લેયર સેન્ડિવચ (જે સંપૂર્ણ આહાર છે અને અનેક ટૂકડામાં ખાઈ શકાય છે) ભોજન તુર્કિશ લોકોનું સામાન્ય રૂટિન છે. સેન્ડિવચ વગરનું ભોજન ભાગ્યે જ જોવા મળે. એવો કોઈ કાર્યક્રમ નહીં હોય, ત્યાં સુપી કે ભારતીય લગ્નોમાં પણ, જ્યાં સેન્ડિવચ મેનુમાં ખાસ ન હોય, ઓછામાં ઓછું ઈસ્તાંબુલ અને અન્તાલિયામાં તો આવું છે. આ બે મોટા શહેર દુનિયાભરના પ્રવાસીઓને આકર્ષ છે. કદાચ એટલા માટે જ સેન્ડિવચ સ્પર્ધામાં તુર્કી નંબર એક છે. યુરોપિયન વર્લ્ડ ફૂટ કેટાલોગ પ્રોજેક્ટ 'ટેસ્ટ એટલસ'ના તાજા રેન્કિંગ અનુસાર દુનિયાની 50 સર્વશ્રેષ્ઠ સેન્ડિવચની યાદીમાં કબાબથી બનેલી સેન્ડિવચની વેરાયટી જેમકે 'ટોમબિક'થી માંડીને મીટની સ્ટિકિંગવાળા બનના આકારની સેન્ડવચની વેરાયટી જેમકે 'ટોમબિક'થી માંડીને મીટની સ્ટિકિંગવાળા બનના આકારની સેન્ડવચની અગ છે, પરંતુ સપાટ બ્રેડવાળી તુર્કીની 'પ્રાઈડ એકમેક' યાદીમાં ટોચ પર છે. સ્થાનિક સામગ્રી અને પારપરિક વ્યંજનોને પ્રોત્સાહન આપવા માટે ચાલી રહેલા આ ગ્લોબલ પ્રોજેક્ટ દ્વારા બને આકાર સહિત 'ટોમ્બિક'ને સંપૂર્ણપણે ઓરિજિનલ જાહેર કરાયા છે.

પોર્ટુગલની 'બુટિફારા' સેન્ડિવચ બીજા નંબરે છે. બ્રેડ માઉસ પેડ જેવી હોય છે-જાડી અને પિરસર્તા પહેલા ટેસ્ટ થાય છે. તેની ખાસ વાત એ છે કે, ઉપરની બ્રેડ નીચેની તુલનામાં નાની હોય છે. આર્જેન્ટીનાની 'ડિ લોમો' ત્રીજા ક્રમે છે, જ્યારે ભોજનની સંસ્કૃતિં પર ગર્વ કરતા અમેરિકાની 'સ્પીડી' સેન્ડિવચ ચોથી છે. આર્જેન્ટીના અને અમેરિકા બંનેની સેન્ડિવચ હોટ ડોગ (જેવું ભારતમાં ખાય છે) જેવી લાંબી હોય છે. પાંચમા ક્રમે વિયેટનામાની 'વન મિ હિયો ક્વે' આવે છે, જેને પિરસર્તા પહેલા બે-ત્રણ વખત કાપે છે, જેવું કે સબ-વે સેન્ડિવચમાં હોય છે. તમે વિચારતા હશો કે 'વડા પાવ' જેની બ્રેડનું નામ સ્થાનિક છે (ગોવામાંથી લીધેલું છે), શું તેના ટોપ-50માં હોવાની સંભાવના છે? હું ખુશી સાથે જણાવવા માગું છું કે, આપણા પોતાના વડા પાવ 13મા નંબરે છે અને તુકીમાં ખાણીપીણીના વિશેષશ તેને સારી રીતે જાણે છે. વડાપાવથી આગળની તમામ 12 સેન્ડિવચની મેં જ્યારે આકારશી કરી તો સમજાયું કે, શાકાહારી શ્રેણીમાં આપશું ફૂડ પ્રથમ નંબરે છે, કેમકે મોટાભાગની સેન્ડિવચના સ્ટિફેંગમાં મીટ કે ઈડાનો ઉપયોગ થાય છે. હું તો ગર્વ સાથે કહીશ કે આપણે બ્રેડને બ્રેડ કે બન નહીં પરંતુ પાવ કહીએ છીએ.

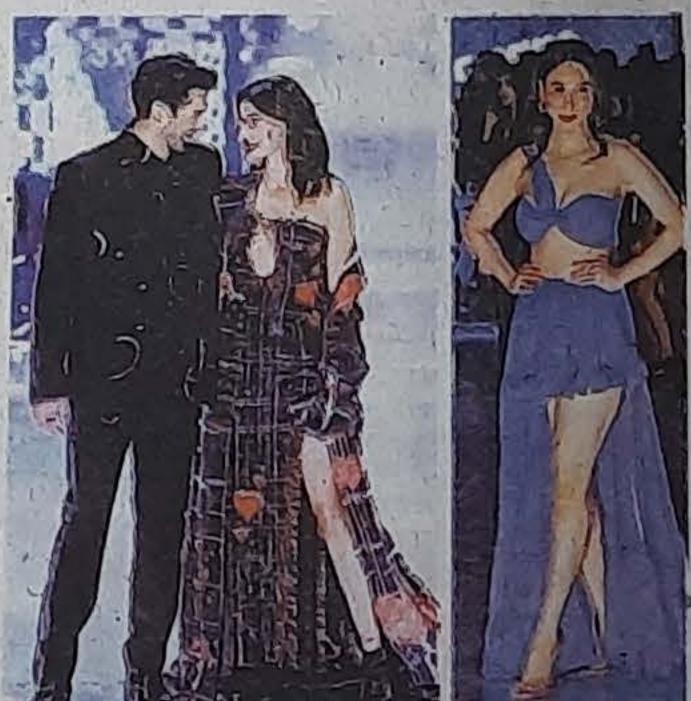

રસપ્રદ એ છે કે, ચટલી જેને 'લસલ ખોબર ચટલી' કહે છે, સુકા નારિયેળની સાથે તીખા લસલાનું સંયોજન છે. આ બ્રેડ પર લગાવવામાં આવતા સોસ જેવી નથી હોતી, પરંતુ લસલાના સ્વાદ માટે યોગ્ય પ્રમાણમાં તેને ઉપરથી છાંટવામાં આવે છે. આ ચટલી તો વડાપાવને તીખાશની શ્રેશીમાં નંબર-1 બનાવે છે, જ્યારે મોટાભાગના લોકો વ્હાઈટ સોસની સાથે વધુ પ્રમાણમાં ચીઝ નાખે છે. વડા પાવને જે વસ્તુ ખાસ બનાવે છે, તે બટાટા વડાનું સ્ટિફિંગ, જે મુખ્યત્વે બટાટાનું બનેલું હોય છે, જેવી રીતે કોઈ અન્ય પેટીઝમાં, પરંતુ ડુંગળી વગરનું. ડુંગળીનો અન્ય સામાનમાં ઉપયોગ થાય છે. પ્લેટમાં મૂકેલો ભૂરા રંગનો વડા પાવ અને તેના બાજુમાં મુકેલું લીલું મરચું આંખને એક અલગ પ્રકારની શાંતી આપે છે, પરંતુ ખાવામાં આંખોમાંથી પાણી નીકળી જાય છે અને આ વાત જ તેને વધુ રોચક બનાવે છે. ભોજનમાં તમામ રાષ્ટ્રીયતાઓને એક સૂત્રમાં પિરોવવાની તાકાત છે, પરંતુ કેટલાક વ્યંજન જેમકે વડા પાવ તેની આગવી ઓળખને કારણે બીજાં વ્યંજનોથી અલગ છે. જેવી રીતે ભોજનની પોતાની ઓળખ છે, એવી જ રીતે કોઈ પણ ક્ષેત્રમાં આપણાં વિચારો વૈશ્વિક નામોથી પ્રભાવિત ન થવા જોઈએ.

કંડાએછે કે » કોઈ પણ રચનાત્મક સ્પર્ધામાં જો તમે હીનતા અનુભવ્યા વિના તમારા મૂળને વળગી રહો, તો વિશ્વાસ રાખો કે દુનિયા તમને નજરઅંદાજ કરી શકે નહીં. ભારતીય વડા પાવને તેની મૌલિકતા સ્ટાઈલિશ ગ્લોબલ સેન્ડવિચની સાથે હરિફાઈમાં મૂકી દે છે.

IMFL seized from state govt vehicle, pvt car

Police say bottles were worth Rs 25,000

EXPRESS NEWS SERVICE SURAT, MARCH 13

THREE YOUTHS were arrested after police seized Indian Made Foreign Liquor (IMFL) worth Rs 25,000 from a state government vehicle—a Bolero—and a private car in the Mora Bhagal area of Surat Sunday.

The accused have been working as contract drivers to the deputy collector, assistant collector, chief engineer of the water supply department and deputy municipal commissioner of North Zone of the Surat Municipal Corporation (SMC), said Rander police. The seized Bolero was used by the officials for official com-

The Rander police seized the vehicles from the Hanuman Tekri area. The cops questioned the Bolero driver, Renish Vatsariya, a resident of Palanpur Patia. Upon searching the vehicle, the police recovered 35 bottles of IMFL worth Rs 17,500 and beer tins worth Rs 2,400 hidden in the carton below the seats.

The team then checked a private car parked next to the government vehicle and questioned car driver Sajid Hajiyani and passenger Rahul Vatsariya. The cops found 12 IMFL bottles worth Rs 6,000 from the car.

The three were arrested under Prohibition Act sections 96(a), 96(e), 98(2), and 81 after they failed to produce a permit to keep the IMFL bottles.

"Renis and Rohan were working as car drivers under contract for seven years. Sajid Hajiyani was serving as outsourcing driver with Deputy commissioner of SMC (Surat Municipal corporation) North Zone. The government car is used for deputy collector-rank officials. The private car is owned by Sajid," said police inspector AS Sonara.

"Those arrested disclosed that on March 11, they had brought IMFL bottles from Daman in a private car and left some liquor bottles in the government van and some bottles in the private car. We will also try to find out whether they had used a government vehicle to bring liquor from Daman," he added.

FIRE INCIDENT THAT KILLED 4

GPCB orders closure of Vapi plant, imposes Rs 25 L environment cost

SOHINI GHOSH AHMEDABAD, MARCH 13

THE GUJARAT Pollution Control Board (GPCB) has ordered the clo-

sure of an organic chemical manufacturing unit in Vapi and imposed Rs 25 lakh as interim environmental cost on the unit where a fire incident killed four persons in February, the National Green Tribunal (NGT) was told. $The \,GPCB \,submitted \,this \,in\,an$

action taken report (ATR) filed before the NGT on March 9 in relation to the fire incident on February 27, when a blast at Ven Petrochem and Pharma (India)

Pvt Ltd unit at GIDC Sarigam in Valsad caused a fire and collapse of a building, killing four persons and injuring two others.

The NGT took suo motu cognisance of the incident through media reports and issued notice to the GPCB on March 1. In the ATR. the GPCB submitted that the unit was not in operation on the day of the incident "due to weekly off and staggering", and that the blast occurred in the packing section where "approximately 3,430 kgs of Bromhexine Hydrochloride was stored" that got burnt.

As per GPCB, on February 28, it had ordered the closure of the unit under Section 31 (A) of The Air (Prevention And Control Of Pollution) Act, 1981, directing that manufacturing activity be stopped with immediate effect. The closure notice also directed the unit to submit a bank guarantee of Rs 1.50 lakh and further pay Rs 25 lakh as interim environment compensation.

The GPCB has submitted that the unit has further been instructed to submit its report on compliance with the Directorate of Industrial Safety & Health (DISH) directions in reference to the incident and to submit action taken report thereof.

Subject: Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat - CRZ Clearance - reg.

Sir,

This has reference to your proposal No. IA/GJ/CRZ/408919/2022 dated 26th December, 2022 on the above mentioned project proposal for CRZ Clearance, in accordance with the provisions of the Coastal Regulation Zone (CRZ) Notification, 2011 issued under the Environment (Protection) Act, 1986.

- 2. The Ministry of Environment, Forest and Climate Change has examined the proposal for CRZ Clearance to the project for Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat.
- 3. The proposal was considered by the Expert Appraisal Committee (EAC) for Infrastructure Development, Coastal Regulation Zone, Building / Construction and Miscellaneous projects, in its meeting held on 17th January, 2023. The project proponent and their consultant made detailed presentation and informed as under:
 - (i). M/s MPSEZ Utilities Ltd (MUL) through co-developer agreement with APSEZ, formed to provide infrastructure facilities within SEZ at Mundra. MUL obtained status of Distribution Licensee *vide* Gol notification dated 3rd March 2010.
- (ii). To cater the power demand within the APSEZ area, MUL has proposed 66kV Transmission Line connecting the existing 66kV MRSS MITAP Double Circuit Transmission line and 66 KV EHV S/s-2 in South Zone (Mundra South Port).
- (iii). The proposed Transmission Line will be developed within APSEZ area, Mundra Tehsil, Kachchh district, Gujarat. The latitude 22°44'36.85"N and Longitude 69°39'58.76"E. Transmission Line Length 7.1 km, Width 18m, Transmission line will be developed majorly in APSEZ area.
- (iv). Crosses the Baradimata Creek including Forest Area. Total 31 pylons will be installed with only 1 pylon in Forest Area. Crosses the Forest Land over an area of 0.40 Ha (~222.64 m), Stage 1 Forest Clearance has been granted.
- (v). Transmission line will be crossing the Creek region; however, no pylons will be constructed in the Creek.
- (vi). Water Requirement (Existing APSEZ Source): Construction phase 3 KLD, Operation phase 0.3 KLD.
- (vii). Power Requirement: Construction phase 15 to 20 KW per day and a DG Set of 25 KVA and Operation phase No Power requirement.

ham

- (viii). The proposed Transmission S. N Particulars Remarks line falls majorly within APSEZ and small section crosses the Baradimata Creek and Forest area (0.40 ha.) for which MUL has obtained Stage-1 Clearance *via* File No.6-GJB080/2020-BHO, dated 12/07/2021
- (ix). CRZ compatibility:

The Crossing length of Proposed 66 KV Transmission Line & Pylon under the CRZ Classes as Length (in meters)

S.No	Proposed Project Activities	CRZ IA	CRZ IB	CRZ III (NDZ)	CRZ IVB
1	18 m 66KV Transmission Line Corridor	4169.65	267.63	1838.33	493.85
2	Pylon	537.7	18	198.68	-

The Footprint of Proposed Piles supporting the Pylon under the CRZ Classes as Area (in Sq.m)

S. No	Proposed Project Activities	CRZ IA	CRZ IB	CRZ III (NDZ)
1	Piles	74.99	4	37

- (x). As per the clause 4.(ii).(d) and 8.I.(i).(b) of CRZ notification 2011, "laying of pipelines, conveying systems, transmission line" is a permissible activity in CRZ Area and requires prior CRZ clearance.
- (xi). Baseline environmental monitoring was carried out in the months of December 2018 to March 2019, in order to assess the quality of terrestrial and marine environment. Additional baseline environmental monitoring has been conducted during March to June 2022 through NABL accredited agency to meet the MoEF&CC requirement.
- (xii). MUL will utilize the existing well-developed DMP of APSEZ during the emergency situations that may arise from the Transmission Line. Disaster Management Plan has been drawn for natural disasters such as earthquake, cyclone, tsunami, flood and man-made disaster such as fire. The project site is falling under Zone V (Highest Risk Zone) Seismic Zone.
- (xiii). Solid Waste such as excavated soil, paints, lubricants, diesel oil containers or any other non-biodegradable wastes shall be collected and disposed as per the applicable environmental guidelines. Municipal solid wastes handled and disposed off as per Solid Wastes Management (Management and Handling) Rules. Waste such as carboys, drums, containers etc. handled though authorized vendors as per Hazardous and other waste (Management and Trans boundary Movement) Rules, 2016. Construction waste will be handled inline to Construction and Demolition waste rules.
- (xiv). Waste generated during operation phase handled inline to existing practice 5R principles (Reduce, Reuse, Reprocess, Recycle and Recover) and Zero Waste to Landfill initiative.
- (xv). No mangrove cutting is involved.
- (xvi). The power requirement of the transmission line facility / infrastructure will be sourced from existing facilities and services i.e. power requirement will be met by

MUL as MUL is the Co-developer of APSEZ and Power Distribution Licensee. The construction phase Power requirement will be 15 to 20 KW per day and a DG Set of 25 KV will be made available. No Operational Phase power requirement.

- (xvii). The cost of the project is ₹15 Crores.
- (xviii). The Gujarat Coastal Zone Management Authority *vides* its letter No. ENV-10-2020-125-T dated 20/10/2022, has recommended the project for CRZ clearance.
 - 4. The EAC made detailed deliberation on the proposal. The Committee noted that bird diverters shall be installed after identifying the stretch requiring diverts. The Committee has also deliberated the baseline data and additional baseline studies conducted. The Committee further also noted as per the clause 4.(ii).(d) and 8.I.(i).(b) of CRZ notification 2011, "laying of pipelines, conveying systems, transmission line" is a permissible activity and GCZMA recommended the project for CRZ clearance.
 - 5. Based on the recommendation of the Gujarat Coastal Zone Management Authority and considering the submissions made by the project proponent, the Ministry of Environment, Forest and Climate Change, in acceptance of the recommendations of the Expert Appraisal Committee (CRZ), hereby accords CRZ Clearance to the project for Development of 18m 66 KV Transmission Corridor by M/s MPSEZ Utilities Ltd (MUL) at Mundra, Kachchh District, Gujarat, under the provisions of the CRZ Notification, 2011 and amendments thereto, subject to the compliance of terms and conditions as under:-

PART A - SPECIFIC CONDITIONS:

- (i). All construction shall be strictly in accordance with the provisions of CRZ Notification, 2011 and as amended from time to time.
- (ii). Prior Forest Clearance under Forest (Conservation) Act, 1980 shall be obtained, as applicable.
- (iii). No mangroves will be cut for the purpose of developing transmission corridor.
- (iv). The construction of the Pylon shouldn't cause significant disturbance in CRZ 1A area and foot print of construction should be minimum.
- (v). Bird diverters should be installed in transmission line, in the identified stretches, so as to avoid accidental collision of birds through systematic monitoring of bird movement with support of reputed institutions such as GUIDE.
- (vi). No excavated material during the construction shall be dumped in water bodies or adjacent areas to avoid blockage. The site shall be restored to its near original condition after completion of construction of work by removing all debris to facilitate free flow of water.
- (vii). No groundwater shall be extracted within CRZ area to meet the water requirements during the construction and / or operation phase of the project.
- (viii). Permanent labour camp, machinery and material storage shall not be set up in the CRZ area.
- (ix). Any temporary physical infrastructure setup during construction period shall be removed simultaneously with completion of laying of each segment of the project.
- (x). All the conditions stipulated by the Gujarat Coastal Zone Management Authority for CRZ clearance *vide* its letter No. ENV-10-2020-125-T dated 20/10/2022, and commitments made by the PP before the CZMA and EAC shall be followed in letter and spirit.
- (xi). All necessary clearance from the concerned authority, as may be applicable should be obtained prior to commencement of the project or activity.

July

PART B - GENERAL CONDITIONS:

- (i). Management of solid waste in accordance with the Solid Waste Management Rules, 2016 shall be strictly implemented.
- (ii). 'Consent to Establish' and /or 'Consent to Operate' shall be obtained from State Pollution Control Board under the provisions of Air (Prevention and Control of Pollution) Act, 1981 and / or the Water (Prevention and Control of Pollution) Act, 1974, as may be applicable.
- (iii). Disposal of muck during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of Competent Authority.
- (iv). All liquid waste arising from the proposed development will be disposed of as per the norms prescribed by Central / State Pollution Control Board. There shall not be any disposal of untreated effluent into the sea / coastal water bodies. It shall be ensured that the wastewater generated is treated in the STP as committed by the project proponent. The treated waste water shall be reused for landscaping, flushing and / or HVAC cooling purposes etc. within the development. The project proponent should also make alternate arrangement for situation arising due to malfunctioning of STP. There shall be regular monitoring of standard parameters of the effluent discharge from STP under intimation to the SPCB.
- (v). Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.
- (vi). A copy of the clearance letter shall be uploaded on the website of the concerned State Coastal Zone Management Authority/State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries Centre and Collector's Office/ Tehsildar's office for 30 days.
- (vii). A six-monthly monitoring report shall need to be submitted by the project proponent to the concerned Regional Office of this Ministry regarding the implementation of the stipulated conditions.
- (viii). The Ministry of Environment, Forest & Climate Change or any other Competent Authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.
- (ix). Full co-operation shall be extended to the officials from the Regional Office of MoEF&CC, during monitoring of implementation of environmental safeguards stipulated. It shall be ensured that documents/data sought pertinent is made available to the monitoring team. A complete set of all the documents submitted to MoEF&CC shall be forwarded to the concerned Regional Office of MoEF&CC.
- (x). In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry.
- (xi). The Ministry reserves the right to add additional safeguard measures subsequently, if considered necessary, and to take action to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner, including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, for non-compliance.
- (xii). All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponent from the respective Competent Authorities.

MIL

- (xiii). The project proponent should advertise in at least two local Newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be seen on the website of the Ministry of Environment, Forest and Climate Change at https://parivesh.nic.in/. The advertisement should be made within Seven days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the concerned Regional Office of this Ministry.
- (xiv). A copy of the clearance letter shall be sent by the proponent to concerned Panchayat, Zilla Parisad/Municipal Corporation, Urban Local Body and the Local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.
- (xv). The proponent shall upload the status of compliance of the stipulated conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF&CC, the respective Zonal Office of CPCB and the SPCB.
- (xvi). The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the project proponent along with the status of compliance of clearance conditions and shall also be sent to the respective Regional Office of the Ministry by e-mail.
 - 6. This Clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs Union of India in Writ Petition (Civil) No.460 of 2004 as may be applicable to this project.
- 7. The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the CRZ clearance, if implementation of any of the above conditions is not found satisfactory.
- 8. Concealing factual data or submission of false / fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
- 9. Any appeal against this CRZ clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
- 10. The above conditions shall be enforced, *inter-alia* under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- 11. This issues with approval of the Competent Authority.

IMFL seized from state govt vehicle, pvt car

Police say bottles were worth Rs 25,000

EXPRESS NEWS SERVICE SURAT, MARCH 13

THREE YOUTHS were arrested after police seized Indian Made Foreign Liquor (IMFL) worth Rs 25,000 from a state government vehicle—a Bolero—and a private car in the Mora Bhagal area of Surat Sunday.

The accused have been working as contract drivers to the deputy collector, assistant collector, chief engineer of the water supply department and deputy municipal commissioner of North Zone of the Surat Municipal Corporation (SMC), said Rander police. The seized Bolero was used by the officials for official com-

The Rander police seized the vehicles from the Hanuman Tekri area. The cops questioned the Bolero driver, Renish Vatsariya, a resident of Palanpur Patia. Upon searching the vehicle, the police recovered 35 bottles of IMFL worth Rs 17,500 and beer tins worth Rs 2,400 hidden in the carton below the seats.

The team then checked a private car parked next to the government vehicle and questioned car driver Sajid Hajiyani and passenger Rahul Vatsariya. The cops found 12 IMFL bottles worth Rs 6,000 from the car.

The three were arrested under Prohibition Act sections 96(a), 96(e), 98(2), and 81 after they failed to produce a permit to keep the IMFL bottles.

"Renis and Rohan were working as car drivers under contract for seven years. Sajid Hajiyani was serving as outsourcing driver with Deputy commissioner of SMC (Surat Municipal corporation) North Zone. The government car is used for deputy collector-rank officials. The private car is owned by Sajid," said police inspector AS Sonara.

"Those arrested disclosed that on March 11, they had brought IMFL bottles from Daman in a private car and left some liquor bottles in the government van and some bottles in the private car. We will also try to find out whether they had used a government vehicle to bring liquor from Daman," he added.

FIRE INCIDENT THAT KILLED 4

GPCB orders closure of Vapi plant, imposes Rs 25 L environment cost

SOHINI GHOSH AHMEDABAD, MARCH 13

THE GUJARAT Pollution Control

Board (GPCB) has ordered the closure of an organic chemical manufacturing unit in Vapi and imposed Rs 25 lakh as interim environmental cost on the unit where a fire incident killed four persons in February, the National Green Tribunal (NGT) was told.

The GPCB submitted this in an action taken report (ATR) filed before the NGT on March 9 in relation to the fire incident on February 27, when a blast at Ven Petrochem and Pharma (India)

Pvt Ltd unit at GIDC Sarigam in Valsad caused a fire and collapse of a building, killing four persons and injuring two others.

The NGT took suo motu cognisance of the incident through media reports and issued notice to the GPCB on March 1. In the ATR. the GPCB submitted that the unit was not in operation on the day of the incident "due to weekly off and staggering", and that the blast occurred in the packing section where "approximately 3,430 kgs of Bromhexine Hydrochloride was stored" that got burnt.

As per GPCB, on February 28, it had ordered the closure of the unit under Section 31 (A) of The Air (Prevention And Control Of Pollution) Act, 1981, directing that manufacturing activity be stopped with immediate effect. The closure notice also directed the unit to submit a bank guarantee of Rs 1.50 lakh and further pay Rs 25 lakh as interim environment compensation.

The GPCB has submitted that the unit has further been instructed to submit its report on compliance with the Directorate of Industrial Safety & Health (DISH) directions in reference to the incident and to submit action taken report thereof.

નામમાં શું છે, ઓરિજિનલ હોવું જરૂરી છે

આકારની સેન્ડવીચ પણ છે, પરંતુ સપાટ ક્ષેડવાળી તુર્કીની 'પ્રાઈડ એકમેક' યાદીમાં ટોચ પર છે. સ્થાનિક સામગ્રી અને પારંપરિક વ્યંજનોને પ્રોત્સાહન આપવા માટે ચાલી રહેલા આ ગ્લોબલ પ્રોજેક્ટ દ્વારા બન આકાર સહિત 'ટોમ્બિક'ને સંપૂર્ણપણે ઓરિજિનલ જાહેર

કરાયા છ. પોર્ટુગલની 'બુટિકારા' સેન્ડવિચ બીજા નંબરે છે, બ્રેડ માઉસ પેડ જેવી હોય છે-જાડી એને પિસ્સતાં પહેલા ટેસ્ટ થાય છે, તેની ખાસ વાત એ છે કે, ઉપના બ્રેડ નોચેની તુલનામાં નાની હોય છે. આર્જેન્ટીનાની 'ડિ હોમો' ત્રીજા ક્રમે છે, જ્યારે ભોજનની સંસ્કૃતિ પર ગર્વ કરતા અમેડિકાની 'સાંકી' સેન્ડવિચ ચોથી છે. આર્જેન્ટીના અને અમેરિકા

તુલનામાં નાની હાય છે, ઓજન્ટાનાના 'પાંત્ર' તેમાં 'ત્રાજક ક્ષે છે, જ્યારે ભાજના સંસ્કૃતિ પર ગંદ કરતા અમેરિટના' વાંત્રી 'હેન્ચિય ચોલી' અર્જનેના અને અમેરિકા બંનેની સેન્ધિય એટ એટ એવા સ્વાજના લેવેટનામાં ને 'હવે સ્વાજના હોંદ એટ એક બંધ ક્ષેત્ર કર્યા હેવેટનામાં ને 'હવે કે ભાજના કર્યા હેવે હોંદ કર્યા હોંદ કર્યા હોંદ કર્યા હોંદ 'હવે હાંદ કર્યા હોંદ કર્યા હોંદ 'હવે હાંદ ' કટલાંક ખજર જનક પડા પાત તેવા આવાના આખવા કારણ ભાજી ખજનાવા અલગ છે. જેવી રીતે ભોજનો પોતાની ઓળખ છે, એવી જ રીતે કોઈ પણ ક્ષેત્રમાં આપણાં વિચારો વૈશ્વિક નામોથી પ્રભાવિત ન થવા જોઈએ. ફંડાએછે કે » કોઈ પણ રચનાત્મક સ્પર્ધામાં જો તમે હીનતા અનુભવ્યા વિના તમારા મૂળને

વળગી રહો, તો વિશ્વાસ રાખો કે દુનિયા તમને નજરઅંદાજ કરી શકે નહીં. ભારતીય વડા પાવને તેની મૌલિકતા સ્ટાઈલિશ ગ્લોબલ સેન્ડવિચની સાથે હરિફાઈમાં મૂકી દે છે.

રશિયાના વ્લાદિવોસ્તોક શહેરમાં યુથ રોબોટ સોકર સ્પર્ધા ચાલી રહી છે. આ ઈવેન્ટરનું આયોજન ઈસ્ટરને કેડરલ યુનિવર્સિટી દ્વારા કરવામાં આવ્યું છે. વિદ્યાર્થીઓ આ રોબોટ્સ તૈયાર કરે છે અને તેમને આ સ્પર્ધામાં લાવે છે. એક ટીમમાંથી બે રોબોટ્સ ભાગ લે છે. તેઓ રિમોટ દ્વારા સંચાલિત થાય છે.
