

**Trade Advisory – Submission of Cargo Details for Middle East Foreign
Transshipment Containers – Compliance with Customs Directions**

APSEZ/2026-27/CT-01
Date:- 10-04-2026

Dear Valued Customers,

As per the instructions received from the Customs Authority, you are requested to kindly share the detailed commodity description for all Middle East Foreign Transshipment (TP) containers presently lying inside the terminal immediately.

Further, for upcoming Foreign TP containers, the commodity details must be provided in advance along with the Import Advice List (IAL), prior to the arrival of the vessel at the terminal.

Please note that sharing accurate commodity information is essential to ensure compliance with Customs reporting requirements, until further instructions are received from the Custom authority.

Your timely cooperation in this matter is crucial for adherence to the applicable Customs regulations.

Should you require any clarification, please feel free to contact our commercial and Customer Care team.

Thanking you for your continued support and cooperation.

Warm regards,
For Adani Ports and Special Economic Zone Ltd.
