

Trade Notice – Handling of Middle East Cargo with Extended Dwell Time at Mundra Terminals

Dear Valued Customers,

We would like to inform you that our terminals at Mundra are fully equipped to handle the Middle East bound cargo requiring extended dwell time. Customers may plan cargo routing through our Mundra terminals where we can comfortably accommodate longer dwell periods while ensuring safe and efficient cargo management.

In addition to our regular services and window vessels, we will facilitate berthing for Adhoc vessel calls, subject to operational planning and prior coordination. Our team will actively support customers in planning such calls and ensure smooth vessel handling. This initiative is aimed at providing greater flexibility for Middle East cargo movement and supporting customer requirements during periods of geo-political instability causing schedule variability.

Customers interested in utilizing this facility or planning Adhoc calls may kindly coordinate with our commercial team for further details. We look forward to your continued support and remain committed to delivering reliable and flexible terminal solutions.

Warm regards,
For Adani Ports and Special Economic Zone Ltd.
