Subject: Submission of Half Yearly Compliance Report (HYCR) to Conditions of Environmental Clearance (EC) for the Period April 2022 to September 2022 with respect to our Building Stone Quarry Project in Block No. 47, Re-Sy. Nos. 133/4, 133/16 & 139/6 in Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District of Kerala State - Reg.- Reg.

Reference: 1. EC No. 80/Q/2022 dated 23.07.2022
2. Our Letter AVPPL/SEIAA/2022-23/2049 dated 05.08.2022
3. Our Letter AVPPL/SEIAA/2022-23/2115 dated 16.09.2022

Dear Sir/Madam,

This is with reference to the Environmental Clearance (EC) for Adani Vizhinjam Port Pvt. Ltd. (AVPPL) Building Stone Quarry Project in Block No. 47, Re-Sy. Nos. 133/4, 133/16 & 139/6 in Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District of Kerala State; by vide Reference 1.

As per the EC, *The Half Yearly Compliance Report (HYCRs) with its contents, covering letter, compliance report and environmental monitoring data have to be uploaded in the PARIVESH portal and the website of the Project Proponent. The HYCR with the name of the project, EC No and date & the period of submission should be sent to the Regional Office of MoEF & CC & to SEIAA by email only at email ID rosz.bng-mefcc@gov.in & seacseiaakerala@gmail.com, respectively. Hardcopy of HYCRs shall not be acceptable.*

Since the orders for EC was granted on 23.07.2022, AVPPL have not initiated any work at the site. Further, as per the EC, *The EC shall be valid from the date of execution of permit/lease from the Department of Mining and Geology. The copy of the lease order should be provided to the SEIAA before commencing the mining activity.* AVPPL have applied for panchayat license and are yet to obtain the same; after which the Mining Lease will be applied for.

The first Half Yearly Compliance Report (HYCR) will be submitted after obtaining valid lease/permit from the Mining & Geology Department and commencement of mining operations. In the meantime, AVPPL have complied with certain Specific Conditions and General Conditions that are applicable; as detailed in the table below:

Sir,

Reference is invited to the subject mentioned above. The above mentioned proposal was discussed in the 68th Meeting of Standing Committee of National Board for Wild Life held on 30th May, 2022 through Video Conference under the Chairmanship of Hon'ble Minister for Environment, Forest & Climate Change.

2. After discussions, the Standing Committee decided to recommend the proposal subject to the following conditions:

- i. No activities will be carried out by the project proponent before sun rise and after sun set.
- ii. An amount of Rs.10.00 lakh shall be contributed towards mitigation of human-wildlife conflict by the project proponent.
- iii. An annual compliance certificate on the stipulated conditions shall be submitted by the project proponent to the State Chief Wild Life Warden and an annual compliance certificate shall be submitted by the State Chief Wild Life Warden to Government of India.

3. Minutes of the meeting have been posted online in the PARIVESH portal of this Ministry.

Yours faithfully,

(Dr. Rajendra Kumar)

100 Mbps broadband connectivity for schools

KITE, BSNL tie up for 12.5 times faster connectivity

STAFF REPORTER
THIRUVANANTHAPURAM

The Kerala Infrastructure and Technology for Education (KITE) and BSNL have joined hands to provide 100 Mbps broadband Internet connectivity in high schools, higher secondary schools, and vocational higher secondary schools in the State.

The current 8 Mbps FTTH (Fibre to the Home) connections in schools will now be upgraded to 100 Mbps that is 12.5 times faster. The memorandum of understanding (MoU) was signed by K. Anvar Sadath, CEO, KITE, and V. Sivankutty, General Education Minister, and V. Sivankutty, Minister for Labour.

The challenge, titled 'She Loves Tech 2022 Global Startup Competition,' provides an international platform for women entrepreneurs as well as start-ups dedicated to improving the lives of women.

Mentorship

The KSUM will conduct a mentorship programme for shortlisted start-ups, which will be followed by "She Loves Tech India 2022" on September 23.

The winners of the India

KITE Chief Executive Officer K. Anvar Sadath and BSNL Kerala circle CGM C.V. Vinod with the memorandum of understanding for upgrade of school broadband Internet speed to 100 Mbps. General Education Minister V. Sivankutty, Minister for Labour V. Sivankutty has

best entrepreneurs and technology for transformative impact. The applicants must have a minimum viable product (MVP) and have raised less than five million USD.

They should be an early-stage start-up with either a tech product largely impacting women or a female founder or both.

For registration and more details, visit: <https://womenstartupsummit.com/shelovestech/>.

Last date of registration is August 15, a statement here said.

NOTICE

Environmental Clearance (EC) for the Granite Building Stone Quarry in Block No: 47, Re - Survey Nos. 133/4, 133/16 & 139/6 at Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala (File No. 1587/EC1/2020/SEIAA) has been accorded to Adani Vizhinjam Port Private Limited (AVPPL) by State Level Environment Impact Assessment Authority, Kerala (SEIAA) vide EC No. 80/Q/2022 dated 23.07.2022. The Copy of the Clearance Letter is available in the office of SEIAA and also on the website www.pariyesh.nic.in.

Kerala Savaari to be on road from Chingam 1

Govt. online auto-taxi service for safe, dispute-free travel

STAFF REPORTER
THIRUVANANTHAPURAM

Kerala Savaari, the State government's online auto-taxi service, will be rolled out on Chingam 1 (August 17), the first day of the Malayalam almanac.

Modelled on the lines of private cab aggregators, the service will be piloted by the Labour department in the Thiruvananthapuram city Corporation limits. Initially, it will be limited to autorickshaws, 500 autorickshaws will ply in the city, Minister for Labour V. Sivankutty has

taxi or autos in stands did not get many customers. Taxi stands were disappearing, and people were being rendered jobless. People also preferred online taxis that picked them up from wherever they were. It was against this backdrop that the Labour department mooted the idea of an online auto-taxi service.

8% service charge Mr. Sivankutty said besides the rates recognised by the government, only a service charge of 8% would be

Safety of passengers, particularly women and children, the elderly, and the differently abled, had been prioritised. The Kerala Savaari app would have a panic button that could be used during emergencies by drivers and passengers both in complete secrecy. The vehicles would be fitted with GPS. Only drivers with police clearance certificate would be made part of the service. In the second phase, insurance and accident insurance coverage would be arranged for drivers and pas-

[Rule-8(6)] SALE NOTICE FOR SALE OF IMMOVABLE PROPERTIES

E-AUCTION SALE NOTICE FOR SALE OF IMMOVABLE ASSETS UNDER THE SECURITISATION AND RECONSTRUCTION OF FINANCIAL ASSETS AND ENFORCEMENT OF SECURITY INTEREST ACT, 2002 READ WITH PROVISIO TO RULE 8 (6) OF THE SECURITY INTEREST (ENFORCEMENT) RULES, 2002

Notice is hereby given to the public in general and in particular to the Borrower (s) that the below described immovable property mortgaged/charged to the Secured Creditor, the symbolic possession of which has been taken by the Authorised Officer of UCO Bank, (secured creditor), will be sold on "As is where is" & "As is what is" & "Whatever there is" on 05-09-2022 for recovery of dues as mentioned hereunder to UCO Bank from the below mentioned Borrower & Guarantors. The Reserve Price and the Earnest Money Deposit are also mentioned hereunder.

I Name & Address of the Borrowers: (1) M/s Green Marketing, AP-XVII/428, Aeram, Thadacadu.P.O., Anchal-691306, (2) Mr.Praveen Kumar.P.P, S/o. Mr. Purushothaman (Proprietor- M/S Green Marketing), Padmalayam, Aeram, Thadacadu.P.O., Anchal, Kollam-691306. **Guarantor :-** (1) Ms.Rajani.B.R, W/o Praveen Kumar.P.P, Padmalayam, Aeram, Thadacadu.P.O., Anchal, Kollam - 691306.

Date of Demand Notice: 12-10-2021 **Date of Possession:** 26-05-2022
Recoverable Amount: Rs.12,01,356/- as on 31-07-2022 inclusive of interest upto 31-07-2022 plus further interest and other incidental charges thereafter.

Note: Notice under section 13(2) of SARFAESI Act, 2002 issued on 12/10/2021 for Rs.10,72,079.39 inclusive of interest upto 31/03/2021.
Description of Property: All that part and parcel of property measuring 13.40 ares (33.00 cents) of dry land comprised under Re Sy no-191/8 in block no-35 of Pulimathu Village, Chirayinkeezhu Taluk, Thiruvananthapuram District and covered in partition deed No-868/15 dated 11/05/2015 within SRO- Kilmanoor in the name of Mrs.Rejani. Boundaries of property as per Title deed: North: Property of Saraswathy Amma; South: Property of Remya; East: Property of Ambadi; West: Road

Reserve Price: Rs. 3,00,000/- (Rupees Thirty Lakhs Only) **EMD:** Rs. 3,00,000/- (Rupees Three Lakhs Only)

II Name & Address of the Borrowers: (1) Mr.Muhammed Aneez.Y, S/o Yousuf Khan, "Afsal Manzil", Aerom, Anchal. P.O., Kollam-691306, (2) Mrs.Sobhitha.S, W/o Muhammed Aneez.Y, "Afsal Manzil", Aerom, Anchal.P.O., Kollam-691306

Date of Demand Notice: 12-10-2021 **Date of Possession:** 26-05-2022
Recoverable Amount: Rs.9,26,456/- as on 31/07/2022 inclusive of interest upto 31/07/2022 plus further interest and other incidental charges thereafter.

Note: Notice under section 13(2) of SARFAESI Act, 2002 issued on 12/10/2021 for Rs.7,12,273.75 inclusive of interest upto 31/03/2021.
Description of Property: All that part and parcel of 7.98 ares (19.70 Cents) of land and residential building in Re Sy. No: 165/48/1 and Re Sy no-220/11 of Anchal, Punalur Taluk, Kollam District, covered under sale deed no-472/2007 dated 09/02/2007 comprised in SRO Anchal standing in name of Mr.Muhammed Aneez Y and Mrs.Shobitha. Boundaries as per Title Deed: North : Own Property; South: Property of Salma Bevi; East: Property of Shylaja; West: Property of Subair

Reserve Price: Rs. 23,00,000/- (Rupees Twenty Three Lakhs Only) **EMD:** Rs. 2,30,000/- (Rupees Two Lakhs Thirty Thousand Only)

Date & Time of e-Auction Sale: 05th September 2022 between 11:00 A.M. to 05:00 PM (with incremental value of Rs.0.10 lakh and unlimited auto extensions of 10 minutes each, if required)
Last Date of Submission of Tender : 04th September 2022 - 04:00 PM

ENVIRONMENTAL
CLEARANCE

PARIVESH

(Pro-Active and Responsive Facilitation by Interactive,
and Virtuous Environmental Single-Window Hub)

Government of India
Ministry of Environment, Forest and Climate Change
(Issued by the State Environment Impact Assessment
Authority(SEIAA), Kerala)

To,

The CEO
M/S. ADANI VIZHINJAM PORT PRIVATE LIMITED
Vipanchika Tower, Thycaud, Thiruvananthapuram -695014

Subject: Grant of Environmental Clearance (EC) to the proposed Project Activity
under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC)
in respect of project submitted to the SEIAA vide proposal number
SIA/KL/MIN/136067/2020 dated 17-Feb 2020. The particulars of the environmental
clearance granted to the project are as below.

1. EC Identification No.	EC22B001KL114048
2. File No.	1587/EC1/2020/SEIAA
3. Project Type	New
4. Category	B2
5. Project/Activity including Schedule No.	1(a) Mining of minerals
6. Name of Project	Granite Building Stone Quarry of M/s. Adani Vizhinjam Port Private Limited
7. Name of Company/Organization	M/S. ADANI VIZHINJAM PORT PRIVATE LIMITED
8. Location of Project	Kerala
9. TOR Date	N/A

The project details along with terms and conditions are appended herewith from page
no 2 onwards.

Date: 23/07/2022

(e-signed)
Dr. Venu V IAS
Member Secretary
SEIAA - (Kerala)

*Note: A valid environmental clearance shall be one that has EC identification
number & E-Sign generated from PARIVESH. Please quote identification
number in all future correspondence.*

This is a computer generated cover page.

Proposal No. SIA/KL/MIN/136067/2020

File No. 1587/EC1/2020/ SEIAA

- Ref: 1. Application received on 13.01.2020 from Shri. Rajesh Kumar Jha, Managing Director
& CEO, M/s Adani Vizhinjam Port Limited
2. Minutes of the 128th SEAC meeting held on 23rd to 24rd May, 2022
3. Minutes of the 115th SEIAA meeting held on 30th June, 2022
4. G.O(Rt.) No.29/2019/Env dt.12.04.2019.

ENVIRONMENTAL CLEARANCE NO. 80/Q/2022

Shri. Rajesh Kumar Jha, Managing Director & CEO, M/s Adani Vizhinjam Port Limited, 2nd Floor, Vipanchika Tower, Thiruvananthapuram – 695014, submitted an application for Environmental Clearance via PARIVESH on 13.01.2020 for the Granite Building Stone Quarry for an area of 1.9274 Ha. in Block. No:47, Re - Survey. Nos. 133/4, 133/16, & 139/6 (Government land), in Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala. The project details are as follows:

SL.No.	Particulars	Details
1	Name of the Project	Granite Building Stone Quarry Project of M/s Adani Vizhinjam Port Limited
2	Proposed Activity	Mining of Granite Building Stone
3	Name of the Sector & Schedule No. (in the EIA Notification, 2006)	Non Coal mining, Activity 1(a), Category B2
4	Name & Address of the Project Proponent	Shri. Rajesh Kumar Jha, Managing Director & CEO, M/s Adani Vizhinjam Port Limited, 2 nd Floor, Vipanchika Tower, Thiruvananthapuram – 695014
5	Project Location	
	a) Block. No	47
	Re-Survey Nos:	133/4, 133/16, & 139/6 (Government land)
	b) Village	Aryanadu
	c) Taluk	Nedumangad
	d) District	Thiruvananthapuram
6	Geo Co-ordinates	Latitude 08°35'14.749"N to 08°35'20.030"N Longitude 77°05'58.877"E to 77°06'08.083"E
7	Extent (in Hectare)	1.9274
8	Project Cost	Rs.600 Lakhs
9	Capacity of the Mining Lease	1,99,900.00 TPA
10	Date of Field Inspection	07.05.2022

CER Details

CER (Recurring)				
Sl.No.	Location Name	1 st Year	2 nd Year	Total
1	Primary Health Centre, Aryanadu	5,00,000	-	5,00,000
2	Sub- Health Centre, Vallimangalam	-	3,75,000	3,75,000
3	Government Lower Primary School, Eanchapuri	3,25,000	-	3,25,000
	Total	₹ 8,25,000	₹ 3,75,000	₹ 12,00,000

2. In the 128th SEAC meeting held on 23rd to 24rd May, 2022, the Committee verified the documents submitted by the proponent and found them satisfactory. The Committee noted that the nearest built structure is at a distance of 51m. The Committee discussed the field inspection report and recommended EC for the project life of 6 years subject to the following Specific Conditions in addition to the General Conditions.

- Proposal may be processed only after production of the proof of application to NBWL for Wildlife Clearance and EC may be issued only after getting the Wildlife Clearance.
- Boundary Pillars should be fixed permanently with immediate effect.
- Garland drain should be provided covering the entire project area, siltation pond of appropriate volume should be provided at the lowest portion of the project area and outflow channel should be laid to the natural stream nearby. Silt-traps should be provided intermittently in garland drain and outflow channel. Garland drain, silt-traps, siltation ponds and outflow channel should be desilted periodically to prevent any obstruction to the drainage system.
- Blasting (NONEL) should be done only with a drill hole of 32mm diameter and depth 1.5m loaded with a maximum of 375 gm of explosive in each hole of the array with a burden of 1.5m and spacing of 1m since there are 9 houses within the distance varying from 50-100m and 39 houses within 200m. An affidavit to this should be submitted by the Proponent.

- e. If the proponent desires to adopt blasting (NONEL) using a drill hole of diameter 115mm and depth 6.5m with burden ranging from 2.00 to 2.50 m and spacing of 2.50 to 3.00 m loaded with a higher quantity of explosives to the tune of about 20 – 25 kgs of explosives, as proposed in the Mine Plan, special permission from the SEIAA should be obtained after conducting a vibration impact study on various built structures within 200m from the project boundary by engaging a National Institute such as National Institute of Rock Mechanics and inference thereupon.
- f. Impact of vibration due to blasting on the nearest houses and built structures should be monitored in terms of Peak Particle Velocity and amplitude for a maximum charge per delay and included in the Half Yearly Compliance Report.
- g. Retaining wall of appropriate height should be provided at the overburden dumping site
- h. CER Plan should be implemented within the first 2 years and it should be operated and maintained till the mine closure plan is implemented
- i. Planting of trees for the development of green belt should be done before the commencement of mining and green belt should be nurtured and maintained during the entire project period till the mine closure plan is implemented
- j. Prior to the commencement of mining, temporary barrier should be provided wherever green belt cannot be developed due to the presence of barren rock
- k. Prior to the commencement of mining, temporary wall should be provided at the boundary adjacent to the houses and road
- l. Compensatory afforestation should be initiated prior to the commencement of mining in available land as tree planting is not feasible along some portion of the buffer zone
- m. An affidavit should be submitted indicating the land with geocoordinates where compensatory afforestation is proposed
- n. Transportation of mined material should not be done during the peak hours in the forenoon (8.30am to 10.30am) and afternoon (3.30pm to 5 pm).
- o. Haulage road should be maintained well with frequent sprinkling

3. In the 115th SEIAA meeting held on 30th June, 2022, the Authority decided to issue Environmental Clearance initially for a period of 5 years for the quantity mentioned in the approved Mining Plan and to extend the EC period to cover Project Life of 6-years, from the

date of issuance of original EC, subject to the review by SEAC at the end of five years, to verify whether the Project Proponent has violated any of the EC conditions and thereby caused any damage to the Environment in the project region by violating EC conditions.

The EC is subject to General Conditions and the following Additional Specific Conditions.

1. *The proponent shall carry out quarrying as per the approved Mining Plan and the proponent should strictly follow the Kerala Minor Mineral Concession Rules 2015 and amendments thereby.*
2. *The EC shall be valid from the date of execution of lease/permit from the Department of Mining and Geology. The copy of the lease order should be provided to the SEIAA before commencing the mining activity.*
3. *Since the quarry site is located within a distance of 10km from Peppara Wild Life Sanctuary, as per OM dated 8.8.2019 of MoEF&CC, Clearance from Standing Committee of the National Board for Wildlife is mandatory for mining activity. Hence the Project Proponent is directed to obtain Clearance from Standing Committee of the National Board for Wildlife before starting any activity at the site.*
4. *Authority makes it amply clear that EC issued does not necessarily imply that Wildlife clearance shall be granted to the Project Proponent and that the proposal for Wildlife clearance will be considered by the respective Authorities on its merit and decision taken accordingly. The investment made in the project if any based on this EC in anticipation of clearance from Wildlife angle shall be entirely at the cost and risk of the Project Proponent and MoEF&CC and SEIAA shall not be responsible in this regard in any manner.*
5. *Boundary Pillars should be fixed permanently with immediate effect.*
6. *Garland drain should be provided covering the entire project area, siltation pond of appropriate volume should be provided at the lowest portion of the project area and outflow channel should be laid to the natural stream nearby. Silt-traps should be provided intermittently in garland drain and outflow channel. Garland drain, silt-traps, siltation ponds and outflow channel should be desilted periodically to prevent any obstruction to the drainage system.*

7. *Blasting (NONEL) should be done only with a drill hole of 32mm diameter and depth 1.5m loaded with a maximum of 375 gm of explosive in each hole of the array with a burden of 1.5m and spacing of 1m since there are 9 houses within the distance varying from 50-100m and 39 houses within 200m. An affidavit to this should be submitted by the Proponent.*
8. *A vibration impact study on various built structures within 200m from the project boundary shall be carried out by engaging a National Institute of repute such as National Institute of Rock Mechanics and their recommendations must be implemented. A copy of the same shall be made available to Dept of Mining and Geology for future reference.*
9. *Impact of vibration due to blasting on the nearest houses and built structures should be monitored in terms of Peak Particle Velocity and amplitude for a maximum charge per delay and included in the Half Yearly Compliance Report.*
10. *Retaining wall of appropriate height should be provided at the overburden dumping site.*
11. *CER Plan should be implemented within the first 2 years and it should be operated and maintained till the mine closure plan is implemented.*
12. *Planting of trees for the development of green belt should be done before the commencement of mining and green belt should be nurtured and maintained during the entire project period till the mine closure plan is implemented*
13. *Prior to the commencement of mining, temporary barrier should be provided wherever green belt cannot be developed due to the presence of barren rock*
14. *Prior to the commencement of mining, temporary wall should be provided at the boundary adjacent to the houses and road*
15. *Compensatory afforestation should be initiated prior to the commencement of mining in available land as tree planting is not feasible along some portion of the buffer zone*
16. *An affidavit should be submitted indicating the land with geocoordinates where compensatory afforestation is proposed*
17. *Mining activities including loading of mined materials should not be carried out between sun set and sunrise*

18. *Transportation of mined material should not be done during the peak hours in the forenoon (8.30am to 10.30am) and afternoon (3.30pm to 5 pm).*
19. *Haulage road should be maintained well with frequent sprinkling*
20. *As per OM no F.No.22-65/2017-IA.III dated 30th September 2020, under Corporate Environmental Responsibility (CER) the Project Proponent shall prepare an Environment Management Plan (EMP) as directed by SEAC during appraisal, covering the issues to address the environmental problems in the project region, indicating both physical and financial targets year wise. The EMP shall be implemented in consultation with local self Govt. Institutions. The indicated cost for CER shall be 2% of the project cost depending upon the nature of activities proposed. The follow up action on implementation of CER shall be included in the Half Yearly Compliance Report which will be subjected to field inspection at regular intervals. A copy of the approved EMP shall be made available to the concerned Panchayat for information and implementation support.*
21. *In the wake of occurrence of large scale landslides in the state, as per the information provided by the Department of Mining & Geology, it is directed to use only NONEL (Non Electrical) technology for blasting to reduce the vibration of the ground, which is one of the causative factors that triggers landslides, formation of cracks in the surrounding buildings and disturbance to human and wildlife.*
22. *As per the directions contained in the OM F.No.22-34/2018-IA.III dated 16th January 2020 issued by MoEF&CC, in obedience to the directions of the Hon'ble Supreme Court the Project Proponent shall, undertake re-grassing the mining area and any other area which may have been disturbed due to his mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. The compliance of this direction shall be included in the Half Yearly Compliance Report which will be monitored by SEAC at regular intervals.*
23. *A copy of the EC shall be marked to IGF (WL), MoEF&CC, PCCF and Chief wild life Warden, Kerala, SEAC, District collector, Thiruvananthapuram and Director Mining and Geology, Department of Industries GOK, besides others for information and necessary further action.*

24. *The violation of EC condition may lead to cancellation of EC and action under The Environment (Protection) Act 1986.*

4. **Environmental Clearance as per the EIA Notification, 2006 is hereby accorded for the Granite Building Stone Quarry for an area of 1.9274 Ha. in Block. No:47, Re - Survey. Nos. 133/4, 133/16, & 139/6 (Government land), in Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala. of Shri. Rajesh Kumar Jha, Managing Director & CEO, M/s Adani Vizhinjam Port Limited, 2nd Floor, Vipanchika Tower, Thiruvananthapuram – 695014, initially for a period of 5 years for the quantity mentioned in the approved Mining Plan from the date of execution of valid permit / lease from the Mining & Geology Department and to be extended to cover Project life of 6 years, from the date of issuance of original EC, subject to the review by SEAC at the end of five years, to verify whether the Project Proponent has violated any of the EC conditions and thereby caused any damage to the environment in the project region by violating EC conditions, subject to the Specific Conditions in Para 3 above, and all the environmental impact mitigation and management measures undertaken by the Project Proponent in the Form I, EMP, PFR and Mining Plan submitted to SEIAA. The assurances and clarifications given by the proponent will be deemed to be a part of this Proceedings as if incorporated herein. Also the General Conditions for projects stipulated for mining (items 1 to 57), mentioned below will be applicable and have to be strictly adhered to.**

5. The Environmental Clearance issued will also be subject to full and effective implementation of all the undertakings given in the Application Form, mitigation measures as assured in the Environment Management Plan and the mining features including Progressive Mine Closure Plan as submitted with the application. The above undertakings and the conditions and the undertakings in (Mining), (Blasting), (Mines Drainage), (Stacking of Mineral rejects and Disposal of waste), (Environment Management Plan) & (Progressive Mine Closure Plan) of the Mining Plan as submitted will be deemed to be part of this Proceedings as conditions as undertaken by the proponent, as if incorporated herein.

6. Validity of the Environmental Clearance will be initially for a period of **Five (5) years** from the date of execution of valid mine lease/permit from Mining & Geology Department as per SO 1807(E) dated 12.04.2022 of MoEF & CC, subject to earlier review of EC in case of

violation or non-compliance of conditions or genuine complaints from residents within the security area of the quarry. The validity shall extend to cover Project Life of 6 years, from the date of issuance of original EC, subject to the review by SEAC at the end of every five years, to verify whether the Project Proponent has violated any EC conditions and thereby caused any damage to the environment in the project region by violating EC conditions.

7. Compliance of the conditions herein will be monitored by the State Environment Impact Assessment Authority or its authorised offices and also by the Regional Office of the Ministry of Environment, Forest & Climate Change, Govt. of India, Bangalore. Necessary assistance for entry and inspection should be provided by the Project Proponent and those who are engaged or entrusted by him to the staff for inspection or monitoring. Instances of violation if any shall be reported to the District Collector, Thiruvananthapuram

8. The Half Yearly Compliance Report (HYCRs) with its contents, covering letter, compliance report and environmental monitoring data have to be uploaded in the PARIVESH portal and the website of the Project Proponent. The HYCR with the name of the project, EC No and date & the period of submission should be sent to the Regional Office of MoEF & CC & to SEIAA by email only at email ID rosz.bng-mefcc@gov.in & seacseiaakerala@gmail.com, respectively. Hardcopy of HYCRs shall not be acceptable.

9. The given address for correspondence with the authorised signatory of the project is Shri. Rajesh Kumar Jha, Managing Director & CEO, M/s Adani Vizhinjam Port Limited, 2nd Floor, Vipanchika Tower, Thiruvananthapuram – 695014.

GENERAL CONDITIONS

1. The proponent should provide notarized affidavit (indicating the number and date of Environmental Clearance proceedings) that all the conditions stipulated in the EC shall be scrupulously followed.
2. All the statutory clearances should be obtained, as applicable, by the project proponent from the respective competent authorities including that for blasting and storage of explosives. Copies of all statutory clearances shall be submitted along with First Half Yearly Compliance Report.
3. The project proponent should advertise in news papers that the project has

been accorded Environmental Clearance and copies of clearance letters are available in the Office of State Environment Impact Assessment Authority (SEIAA) and on the website of the Authority at www.seiaakerala.in. The advertisement should be in at least two local newspapers widely circulated in the region, one of which shall be in the vernacular language. The advertisement should be made within 10 days from the date of receipt of the Environmental Clearance letter and a copy of the same signed in all pages should be forwarded to the office of this Authority as confirmation.

4. The proponent shall send a copy of the EC to concerned Grama Panchayat/ District Panchayat/ Municipality/Corporation/Urban Local Body and also to the Local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The Environmental Clearance shall also be uploaded on the website of the company.
5. The lease area shall be fenced with barbed wire to a minimum height of 4ft around, before starting mining. All the boundary indicators (boards, markings, etc) shall be conspicuous and maintained at all times.
6. The details of Environmental Clearance should be prominently displayed in a metallic board of 3 ft x 3 ft with green background and yellow letters of Times New Roman font size of not less than 40. Sign board with extent of lease area and boundaries shall be depicted at the entrance of the quarry, visible to the public.
7. Explosives should be stored in magazines in isolated place specified and approved by the Explosives Department. Mats to reduce fly rock blasts to a maximum of 10 PPV should be provided.
8. Warning alarms indicating the time of blasting (to be done at specific timings) has to be arranged stipulated by Explosive Department.
9. Access roads to the quarry shall be black topped to contain dust emissions that may arise during transportation of materials. The transportation of minerals should be done in covered trucks to contain dust emissions.
10. A separate Environmental Management Cell (EMC) with suitable qualified personnel should be set-up under the chairmanship of a Senior Executive, who will report directly to the Head of the Organization. The Cell should

have representative of Biodiversity Management Committee of the Panchayath and a representative of NGO, if any active in the area. The EMC should meet at least once in six months and review the activities and minutes should be a part of the compliance report.

11. Quarrying has to be carried out as per approved mining plan with the suggestions from SEAC incorporated and following KMMC rules 2015 and the Amendments thereby.
12. The quarrying operation shall be restricted between 7 AM and 5PM
13. Rain Water Harvesting facility should be installed as per the prevailing provisions of KMBR/KPBR, unless otherwise specified. Maximum possible solar energy generation and utilization shall be ensured as an essential part of the project.
14. Maximum depth of mining shall be as per the mining plan and as per specific direction of SEAC after field inspection. The maximum depth of mining should not be deeper than the local ground water table. No mining operations should be carried out at places having a slope greater than 45°.
15. The height of any bench shall not exceed five meters and breadth shall not be less than the height.
16. The Project proponent shall ensure that no perennial or intermittent natural water course and/or water resources are obstructed due to any mining operations. Necessary safeguard measures to protect the first order streams, if any, originating from the mine lease shall be taken.
17. A minimum buffer distance specified as per existing rules and statutory orders shall be maintained from the boundary of the quarry to the nearest dwelling unit or other structures, and from forest boundaries or any other ecologically sensitive and archeologically important areas or the specific distance specified by SEIAA in EC as per the recommendations of SEAC depending on specific local conditions.
18. The proponent should plant seedlings at least 5 times of the loss of trees that has occurred while clearing the land for the project and follow planting measures as suggested by SEAC. Suitable avenue trees should be planted along the sides of the approach road and internal roads and open parking

areas, if any. Preference should be given to endemic native and fruit bearing species. Planting in buffer areas should be taken up beforehand. Proper upkeep and maintenance of planted seedlings shall be ensured by the project proponent.

19. The proponent should ensure that the vegetation in the buffer is retained, maintained and strengthened with additions of native broad leaved plants.
20. Eco-restoration including the closure of mine as per the progressive closure plan and final closure plan shall be done at the cost of the project proponent. This eco-restoration should follow scientific standards available for restoration, full recovery of the original vegetation and improving the resilience of different ecosystems. Overburden materials should be managed within the site and used for reclamation of mined pit as per mine closure plan / specific conditions.
21. At least 10 percent out of the total excavated pit area should be retained as water storage areas and the remaining area should be reclaimed with stacked dumping and overburden and planted with suitable indigenous plant species, if no other specific condition on reclamation of pit is stipulated in the E.C. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining.
22. Control measures on noise and vibration prescribed by KSPCB should be implemented. Quarrying activities should be limited to day time as per KSPCB guidelines/specific conditions.
23. Periodical monitoring of the vibration at specified location (preferably at a distance of 50 m and 100 m) to be conducted and records kept for inspection. This could also form a part of the compliance reports.
24. Speed of trucks entering or leaving the mine site is to be limited to moderate speed of 25 kmph to prevent undue noise from empty trucks.
25. Acoustic enclosures should be provided to reduce sound amplifications in addition to the provisions of green belt and hollow brick envelop for crushers so that the noise level is kept within prescribed standard limit indicated by CPCB/KSPCB.
26. Blasting should be done in a controlled manner using NONEL technique as

specified by the regulations of Petroleum and explosive safety organization (GOI) or any other concerned authorized agency. A licensed person should supervise/ control the blasting operations.

27. Measures should be taken for maintaining noise levels below 85 dBA in the work environment.
28. Project proponent should obtain necessary prior permission of the competent authorities for drawing requisite quantity of surface water and ground water for the project.
29. Regular monitoring of flow rates and water quality upstream and downstream of the springs and perennial nallahs flowing in and around the mine lease area shall be carried out and reported in the six monthly compliance reports to SEIAA.
30. Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and OB dumps, to prevent run off of water and flow of sediments directly into the river and other water bodies. The water so collected should be utilized for watering the mine area, roads, and for green belt development etc. The drains shall be regularly desilted and maintained properly, particularly after monsoon.
31. Regular monitoring of ground water level and quality shall be carried out around the mine area during mining operation. If any stage ,if it is observed that ground water table is getting depleted due to the mining activity; necessary corrective measures shall be carried out.
32. Garland drains and silt traps are to be provided in the slopes around the core area to channelize storm water. De-silting of Garland canal and silt traps have to be attended on a daily basis. A labour has to be specifically assigned for the purpose. The proponent shall ensure the quality of the discharging storm water as per the General Effluent Discharge Standards of CPCB.
33. In the case of any change(s) in the scope of the project, extent, quantity, process of mining technology involved or in any way affecting the environmental parameters/impacts as assessed, based on which the E.C was issued, the project would require a fresh appraisal by this Authority, for which the proponent shall apply and get the approval of this Authority. In

the case of transfer of ECs, the matter shall be intimated and get the approval from the Authority as per the existing norms.

34. The stipulations by Statutory Authorities under different Acts and Notifications should be complied with, including the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) Act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006.
35. The top soil, if any, shall be temporarily stored at earmarked place (s) and used for land reclamation and plantation. The over burden (OB) generated during the mining operations shall be stacked at earmarked dump site(s) only. The maximum height of the dumps shall not exceed 8m and width 20m and overall slope of the dumps shall be maintained at 45°. The OB dumps should be scientifically vegetated with suitable native species to prevent erosion and surface run off. At critical points, use of geo textile shall be undertaken for stabilization of the dump. Protective wall or gabions should be made around the dump to prevent erosion / flow of sediments during rains. The entire excavated area shall be backfilled.
36. All the mining equipment used in Mining like backhoe loaders and excavators cause pollution and hence shall be serviced regularly & maintained for their efficient functioning and for reducing pollution. Disposal of spent oil from diesel engines should be as specified under relevant Rules/ Regulations.
37. All vehicles used for transportation and within the mines shall have 'PUC' certificate from authorized pollution checking centre. Washing of all vehicles shall be inside the lease area. .
38. Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution such as haul road, loading and unloading points and transfer points and having high levels of PM₁₀ and PM_{2.5}. Monitoring of Ambient Air Quality to be carried out based on the Notification 2009, as amended from time to time by the Central Pollution Control Board.
39. Fugitive dust emissions from all the sources should be controlled regularly.

Water spraying arrangement at project site, parking area, on haul roads, loading and unloading and at transport points should be provided and properly maintained.

40. Corporate Environmental Responsibilities (CER) as prescribed by SEIAA/SEAC should be carried out leading to Environmental stability of the Project region. The activities carried out under CER should be a part of the half yearly compliance report. The certificates from the beneficiaries, if the CER part is completed should also be submitted to the State Environment Impact Assessment Authority (SEIAA) along with year wise expenditure .
41. The project proponent is responsible for implementing all the provisions of labour laws applicable from time to time to quarrying /Mining operations. The workers on the site should be provided with on-site accommodation or facilities at a suitable boarding place, protective equipment such as ear muffs, helmet, etc.
42. The proponent has to provide insurance protection to the workers in the case of existing mining or provide the affidavit in case of fresh lease before execution of mining lease.
43. Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed. The report of health surveillance programme should be included in the half yearly compliance reports.
44. The pits in the abandoned quarries and in the mined area shall be used for activities like water harvesting, aqua culture etc. in an eco friendly manner.
45. If Government land is partly or fully used for mining, the area shall be returned at the end of lease period after mine closure with separate demarcation with suitable survey marks.
46. Any accident occurring in the mined out area after the lease period due to negligence in carrying out safety measures and non-closure , will lead to suspension of all EC obtained for mining by the Proponent.
47. In case of transfer of EC the matter shall be intimated and approval from the Authority shall be obtained as per the existing norms.
48. The proponent shall submit Half Yearly Compliance Reports (1st of June &

1st of December) on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) and upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall be simultaneously sent to the respective Regional Office of Ministry of Environment, Forests and Climate Change, Govt. of India and also to the Office of State Environment Impact Assessment Authority (SEIAA). The proponent has to submit Environmental statement in form V of Environment (Protection) Rules 1986 to SPCB on 31st March every year.

49. The project authorities should extend full cooperation to the officer (s) from the Regional Office of MOEF & CC located at Bangalore/SEAC/SPCB/CPCB/dept of Mining and Geology, while monitoring compliance of the stipulated conditions, by furnishing the requisite data/information/monitoring reports.
50. The above conditions shall prevail notwithstanding anything to the contrary, in consistent, or simplified, contained in any other permit, license on consent given by any other authority for the same project.
51. The Authority reserves the right to add additional safeguard measures subsequently, if found necessary, and to take action including revoking of the Environment Clearance under the provisions of the Environment (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.
52. The EC given will be withdrawn at any time if the area is declared high hazardous by the SDMA.
53. The Environmental Clearance will be subject to the final order of the courts on any pending litigation related to the land or project, in any court of law.
54. Any appeal against this Environmental Clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
55. Concealing the factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in

withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

56. The SEIAA may revoke or suspend the order, for non implementation of any of the specific or any of the above conditions. The SEIAA reserves the right to alter/modify the above conditions or stipulate any further condition in the interest of environmental protection.
57. As per regulation no. 106(2) of metalliferous mines regulation under Mine act, the height of any bench shall not exceed six meters and breadth shall not be less than the height.

Subject: Environment Clearance (EC) for Granite Building Stone Quarry for an area of 1.9274 Ha situated at Block No. 47, Re-Sy. Nos. 133/4, 133/16 & 139/6 in Aryanadu Village, Nedumangad Taluk, Thiruvananthapuram District of Kerala State - Reg.

Reference: EC No. 80/Q/2022 dated 23.07.2022 - Reg.

Dear Sir/Madam,

As per the EC obtained from State Environment Assessment Authority (SEIAA), Kerala vide reference above, *The proponent shall send a copy of the EC to concerned Grama Panchayat/District Panchayat/Municipality/Corporation/Urban Local Body and also to the Local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The Environmental Clearance shall also be uploaded on the website of the company.*

Therefore, we are herewith enclosing a copy of the EC for your reference and records. A copy of the EC is available with the SEIAA office and it is available on the website of the Authority at www.seiaakerala.in and on the website www.parivesh.nic.in. The copy of EC is also uploaded to our company website: <https://www.adaniports.com/Downloads>.

You are requested to kindly acknowledge the receipt of the same.

Thanking you.

Yours Sincerely
Sunil Kumar Ayyappan
