[EC No. 1416 EC1 2019 SEIAA dated 27.02.2020 Half Yealy Compliance Report-Oct19-Mar20.pdf](#)

Dear Sir/Madam,

This is with reference to the Environmental Clearance (EC) Order No. 1416/EC1/2019/SEIAA dated 27.02.2020 issued by State Environment Impact Authority (SEIAA), Kerala to issued to Adani Vizhinjam Port Private Limited (AVPPL) for Granite Building Stone Quarry Project in Block No.29, Re-Survey No.120/10 in Manickal Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala.

Since the EC was granted on 27.02.2020, as on date, AVPPL have not initiated any work at the site. Therefore, the EC compliance for the half yearly period (October 2019 to March 2020) ending 31.03.2020 is not substantial. In the meantime, AVPPL have complied with all the conditions that are applicable prior to commencement of operations; as detailed in the attached letter (Ref: AVPPL/MOEF/2020-21/1127 dated 13.05.2020).

Thanks & Regards,

Rajesh Jha
MD & CEO

Subject: Submission of Half Yearly Compliance Report (HYCR) to Conditions of Environmental Clearance (EC) for the Period October 2019 to March 2020 - Reg.

Reference: SEIAA-Environmental Clearance (EC) for the proposed granite building stone quarry in Block No.29, Re-Survey No.120/10 in Manickal Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala; by M/s. Adani Vizhinjam Port Pvt. Ltd. vide No. 1416/EC1/2019/SEIAA dated 27.02.2020

Dear Sir/Madam,

This is with reference to the Environmental Clearance (EC) for the proposed granite building stone quarry in Block No.29, Re-Survey No.120/10 in Manickal Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala; by M/s. Adani Vizhinjam Port Pvt. Ltd. (AVPPL) vide No. 1416/EC1/2019/SEIAA dated 27.02.2020.

The general conditions of the EC, Point No. 27 states that "*proponent shall submit half yearly reports in soft copy and SEIAA will upload it on the website*". Since the orders for EC was granted on 27.02.2020 and AVPPL have not initiated any work at the site and therefore the compliance for the half yearly period ending 31.03.2020 is not substantial.

It is requested that the first Half Yearly Compliance Report (HYCR) will be submitted for the period April 2020 to September 2020. In the meantime, AVPPL have complied with the conditions that are applicable prior to commencement of operations as detailed below:

- **Point No. 20:** *Consent from Kerala Pollution Control Board under Water and Air Act(s) should be obtained before initiating mining activity*

AVPPL have already obtained CTO from KSPCB vide Consent No:PCB/TVM-DO/ICO/NDD/QRY/29/2020 dated 16.03.2020 (A copy of the CTO is enclosed as **Annexure I**).

- **Point No. 25:** *"The project proponent should advertise in at least two local newspapers widely circulated in the region, one of which (both the advertisement and the newspaper)*

Ports and Logistics

shall be in the vernacular language informing that the project has been accorded Environmental Clearance and copies of clearance letters are available with the State Environment Impact Assessment Authority (SEIAA) office and may also be seen on the website of the Authority at www.seiaakerala.org. The advertisement should be made within 10 days from the date of receipt of the Clearance letter and a copy of the same signed in all pages should be forwarded to the office of this Authority as confirmation."

Details of the EC were advertised in the local newspapers published on 01.03.2020 (A copy of the Newspaper Advertisements is enclosed as **Annexure II**). The signed EC was submitted to SEIAA vide AVPPL/SEIAA/2019-20/1083 dated 04.03.2020 (A copy of the signed EC is enclosed as **Annexure III**).

- **Point No. 26:** *"The Environmental Clearance shall be put on the website of the company by the proponent."*

The EC has been uploaded to the Adani Ports website: <https://www.adaniports.com/Downloads> (A screenshot of the same is enclosed as **Annexure IV**).

- **Point No. 29:** *"The proponent should provide notarized affidavit (indicating the number and date of EC proceedings) that all the conditions stipulated in the EC shall be scrupulously followed."*

The Notarized Affidavit was submitted to SEIAA vide AVPPL/SEIAA/2019-20/1083 dated 04.03.2020 (A copy of the Notarized Affidavit is enclosed as **Annexure V**).

This is for your information and records.

Thanking you.

Yours Sincerely,

Rajesh Jha
Chief Executive Officer

4.3.2 Type, quantity and mode of storage/collection/disposal of hazardous wastes shall be as follows:

Sl.No.	Hazardous Waste	Schedule Category	Quantity Tonne/year
--------	-----------------	-------------------	---------------------

Mode of	
Storage	Disposal

4.4 E-waste shall be disposed off safely as per the E-Waste (Management)Rules, 2016.

5. SPECIFIC CONDITIONS

5.1 Quarrying is restricted to the land bearing Sy nos: 120/10.

5.2 This consent is granted subject to the power of the Board to review and make variations in all or any of the conditions as per section 21 of the Air (Prevention and Control of Pollution) Act 1981 and section 25 of the Water (Prevention and Control of pollution) Act 1974.

5.3 Any change in the particulars furnished in the references and/or in the identity of the occupier / authorized agent shall be intimated to the Board within a week.

5.4 It is the responsibility of occupier to ensure that quarrying activities are restricted to only area shown in the attached drawing and at a distance more than 50 m from the nearby residential buildings, places of worship, public buildings, public road having vehicular traffic, river or lake, railway line and bridges.

5.5 After excavation at the site is completed, the land may be reclaimed or used for rain water harvesting with protective barriers/any other suitable purpose like aquaculture approved by the authority.

5.6 All the necessary control measures provided should be maintained properly to ensure that the system is adequate to control the air and water pollution caused by the functioning of the unit within the limit.

5.7 Regular wetting of the roads in the premises of the quarry and approach roads near the quarry shall be done for avoiding excessive dust emission within and outside the boundary of the unit.

5.8 Boundary of quarrying area shall be fenced and demarcated.

5.9 Fugitive emission from the quarry premises and road leading to quarry shall be suppressed using water sprinkling.

5.10 The suspended particulate matter (SPM) at boundary of the premises of the quarry shall not exceed the following limit applicable to that area as per the National Ambient Air Quality Standards. a) The PM 10 in ambient air at the boundary shall not exceed 100 microg/m³ b) The PM 2.5 in ambient air at 1m outside the boundary shall not exceed 60 microg/m³.

5.11 The sound level measured at 1.0 m outside the boundary shall not exceed the limit as per the Ambient Air Quality Standards in respect of Noise.

5.12 The operation of the unit shall be commenced/done only after obtaining clearances from all concerned authorities.

5.13 The quarry shall be operated only from 6am to 6pm.

5.14 For renewal of the consent in case of continuance of operation of the industry, application in the

prescribed form shall be submitted through the web portal of the Board <http://krocmms.nic.in> for renewing the Consent on or before two month in advance to expiry date. Late application will be accepted with 10% (for application before expiry date) & 50% of yearly fee as late fee for application after due date.

5.15 This Consent is granted on the basis of ENVIRONMENTAL CLEARANCE DATED: 27/02/2020 and other documents furnished by the applicant. If any document is found false, the consent issued will be cancelled/ revoked.

5.16 This consent is granted subject to the Environmental Clearance No: 1416/EC1/2019/SEIAA dated 27/02/2020 issued by proceedings of State Environmental Impact Assessment Authority, SEIAA.

9. G.O(Rt.) No.29/2019/Env dt.12.04.2019.

ENVIRONMENTAL CLEARANCE NO. 29/ 2020

Shri.Rajesh Kumar Jha, Chief Executive Officer, M/s Adani Vizhinjam Port Pvt. Ltd, 2nd floor, Vipanchika Tower, Thycaud, Thiruvananthapuram – 695014, vide his application received on 22.08.2019, has sought E.C under EIA Notification-2006, for the proposed granite building stone quarry in Block No. 29, Re-survey No. 120/10 in Manickal Village, Nedumangad Taluk, Thiruvananthapuram District, for an area of 1.1081 Ha. The project comes under Category B2, Activity 1(a), (i) as per the Schedule of EIA Notification 2006.

2. The proposed production capacity is 70,230.00 TPA(max). The period of mining lease is 6 years. The expected project cost is Rs. 82 lakhs.

3. The proposal was placed in the 103rd SEAC meeting held on 17th & 18th September, 2019. The Committee directed the proponent to submit recent non- cluster certificate.

Proponent vide letter dated 24.09.2019 submitted the recent cluster certificate dated 26.07.2019.

4. The proposal was placed in the 104th SEAC meeting held on 10th & 11th October 2019. The Committee decided to invite the proponent for presentation

5. The proposal was placed in the 105th SEAC Meeting held on 28th & 29th October 2019. The proponent was present. The Committee directed the proponent to submit the following documents:

1. Specific CER plan
2. Revised drainage plan
3. Map showing overburden

The Committee entrusted Dr.R.Ajayakumar Varma and Shri.K.Krishna Panicker for field inspection.

The proponent submitted the documents on 23.11.2019. The Sub committee conducted the inspection on 5th November 2019.

The proponent vide letter dated 28.10.2019 stated that due to technical issues they had applied for ToR instead of EC. Since the area of the project is 1.1081 Ha and that there is no cluster situation, they requested to consider the project for EC.

6. The proposal was placed in the 106th SEAC meeting held on 28th, 29th & 30th November 2019. The Proponent is directed to submit the following documents:

- 1) Scientific plan for removal of excavated rock material from the quarry and transportation of the same
- 2) Drainage map showing feasible drains to carry the excess runoff from the project area to the nearest natural drainage
- 3) Location and design of silt trap and its maintenance

- 4) Plan for widening the Panchayat road on the western boundary of the quarry to absorb additional traffic due to the proposed quarry
- 5) Revise project cost considering fair value of land in accordance with revenue records.
- 6) Clarification regarding the acceptability of NOC submitted as it does not indicate time period.

The proponent submitted documents on 17.12.2019 as per the decision of 106th SEAC meeting. The proponent also stated that the letter submitted to the District Collector, Thiruvananthapuram seeking NOC will be submitted prior to the next SEAC meeting.

7. The proposal was placed in the 107th SEAC meeting held on 24th December, 2019. As per the request of the proponent dated 28.10.2019, the Committee decided to consider the application for EC rather than for ToR, since the proposed project area is 1.1081 Hectares. The proponent had promised to submit the fresh NOC from the District Collector before the SEAC meeting. But the same has not been submitted. Therefore the item was deferred.

The proponent submitted NOC from the District Collector, Thiruvananthapuram on 09.01.2020.

8. The proposal was placed in the 108th SEAC meeting held on 13th & 14th January, 2020. The Committee decided to recommend issuance of EC for ten years or completion of the construction of breakwater of Vizhinjam Port whichever is earlier and the other conditions laid down in the NOC No. 137/127325/18 dated 13.07.2018 of District Collector, Thiruvananthapuram.

9. The proposal was placed in the 102nd SEIAA meeting held on 10th & 11th February, 2020. Authority decided to issue EC for a period of 5 years for the quantity mentioned in the approved Mining Plan subject to the following specific conditions in addition to the general conditions.

1. *The Proponent shall follow the directions given by the District Collector, Thiruvananthapuram vide his NOC No. 137/127325/18 dated 13.07.2018. The copy of the NOC may also be enclosed with the EC.*
2. *Activities relating to Corporate Environmental Responsibility amounting to Rs.1.64 lakhs shall be carried out leading to protection and promotion of environment*

Rajesh

including waste management in the project district as per OM F.No.22-65/2017-IA-III dt.01.05.2018 of MoEF& CC as directed by Director, Directorate of Environment & Climate Change and supervised by District Collector.

- 3. The proponent shall carry out quarrying as per the approved Mining Plan and the proponent should strictly follow the Kerala Minor Mineral Concession Rules 2015 and amendments thereby.*
 - 4. In the wake of occurrence of large scale landslides in the state, as per the information provided by the Department of Mining & Geology, it is directed to use only NONEL (Non Electrical) technology for blasting to reduce the vibration of the ground, which is one of the causative factors that triggers landslides, formation of cracks in the surrounding buildings and disturbance to human and wildlife.*
 - 5. As per the directions contained in the OM F.No.22-34/2018-IA.III dated 16th January 2020 issued by MoEF &CC, in obedience to the directions of the Honourable Supreme Court the Project Proponent shall, undertake re-grassing the mining area and any other area which may have been disturbed due to his mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc. The compliance of this direction shall be included in the half yearly compliance report which will be monitored by SEAC at regular intervals.*
- 10.** Environmental Clearance as per the EIA Notification 2006 is hereby accorded for the proposed granite building stone quarry project of Shri.Rajesh Kumar Jha, Chief Executive Officer, M/s Adani Vizhinjam Port Pvt. Ltd, 2nd floor, Vipanchika Tower, Thycaud, Thiruvananthapuram – 695014 in Block No. 29, Re-survey No. 120/10 in Manickal Village, Nedumangad Taluk, Thiruvananthapuram District, Kerala for an area of 1.1081 Ha for the quantity mentioned in the Mining plan, for a period of five years subject to the specific conditions in para 9 above, all the environmental impact mitigation and management measures answered to be undertaken by the project proponent in the Form I, EMP, PFR and Mining plan submitted to SEIAA. The assurances and clarifications given by the proponent will be deemed to be a part of these proceedings as if incorporated herein. Also the general conditions for projects stipulated for mining (items 1 to 48), appended hereto will be applicable and have to be strictly adhered to.

Rajesh

11. The Clearance issued will also be subject to full and effective implementation of all the undertakings given in the application form, mitigation measures as assured in the Environment Management Plan and the mining features including progressive mine closure plan as submitted with the application and relied on for grant of this clearance. The above undertakings and the conditions and the undertakings in Chapter 4 (Mining), Chapter 5 (Blasting), Chapter 6 (Mines Drainage), Chapter 7 (Stacking of Mineral rejects and Disposal of waste) Chapter 11 (Environment Management Plan) & Chapter 12 (Progressive Mine Closure Plan) of the Mining Plan as submitted will be deemed to be part of this proceedings as conditions as undertaken by the proponent, as if incorporated herein.

12. Validity of the Environmental Clearance will be five years from the date of this clearance, subject to inspection by SEIAA on annual basis and compliance of the conditions, subject to earlier review of E.C in case of violation or non-compliance of conditions or genuine complaints from residents within the security area of the quarry.

13. Compliance of the conditions herein will be monitored by the State Environment Impact Assessment Authority or its authorised offices and also by the regional office of the Ministry of Environment & Forests, Govt. of India, Bangalore.

14. Necessary assistance for entry and inspection should be provided by the project proponent and those who are engaged or entrusted by him to the staff for inspection or monitoring.

15. Instances of violation if any shall be reported to the District Collector, Thiruvananthapuram

16. The Half Yearly Compliance Report (HYCRs) with its contents of a covering letter, compliance report and environmental monitoring data has to be in PDF format merged into a single document. The email should clearly mention the name of the project, EC No and date, period of submission and to be sent to the Regional Office of MoEFF & CC by email only at email ID rosz.bng-mefcc@gov.in . Hardcopy of HYCRs shall not be acceptable.

17. The given address for correspondence with the authorised signatory of the project is Shri.Rajesh Kumar Jha, Chief Executive Officer, M/s Adani Vizhinjam Port Pvt. Ltd, 2nd floor, Vipanchika Tower, Thycaud, Thiruvananthapuram – 695014

STATE ENVIRONMENT IMPACT ASSESSMENT AUTHORITY KERALA
GENERAL CONDITIONS (for mining projects)

1. A separate environmental management and monitoring cell with qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
2. Suitable avenue trees should be planted along either side of the tarred road and open parking areas, if any, including of approach road and internal roads.
3. Sprinklers shall be installed and used in the project site to contain dust emissions.
4. Eco-restoration including the mine closure plan shall be done at the own cost of the project proponent.
5. In view of the deep pits left after the excavation, stacking at maximum top level should be carried out.
6. Corporate Environment Responsibility agreed upon by the proponent should be implemented.
7. The project proponent shall comply the conditions stipulated by the statutory authorities concerned.
8. Tarring /multiple options on the access roads shall be undertaken so as to reduce dust pollution during movement of vehicle.
9. Overburden materials should be managed within the site and used for reclamation of mine pit as per mine closure plan / specific conditions.
10. Height of benches should not exceed 5 m, and width should not be less than 5 m, if there is no mention in the mining plan/specific condition.
11. Ground level should be fixed in individual cases separately
12. No mining operations should be carried out at places having a slope greater than 45°.
13. Acoustic enclosures should have been provided to reduce sound amplifications in addition to the provisions of green belt and hollow brick envelop for crushers so that the noise level is kept within prescribed standards given by CPCB/KSPCB. This condition is applicable only in such cases if a crusher is adjacent to the quarry.
14. The workers on the site should be provided with the required protective equipment. such as ear muffs, helmet, etc.
15. Garland drains with clarifiers to be provided in the lower slopes around the core area to channelize storm water.
16. The transportation of minerals should be done in covered trucks to contain dust emissions.
The proponent should plant trees at least 5 times of the loss that has been occurred while clearing the land for the project. SEAC should assess the number of trees in each project site before the issuance of EC so as to ensure the promptness in planting.
17. Explosives should be stored in magazines in isolated place specified and approved by the Explosives Department.
18. A minimum buffer distance of 100m from the boundary of the quarry to the nearest dwelling unit or other structures, not being any facility for mining shall be provided.
19. 50 m buffer distance should be maintained from forest boundaries.
20. Consent from Kerala State Pollution Control Board under Water and Air Act(s) should be obtained before initiating mining activity.
21. All other statutory clearances should be obtained, as applicable, by project proponents from the respective competent authorities including that for blasting and storage of explosives.
22. In the case of any change(s) in the scope of the project, extent quantity, process of mining technology involved or in any way affecting the environmental parameters/impacts as assessed, based on which only the E.C is issued, the project would require a fresh appraisal by this Authority, for which the proponent shall apply and get the approval of this Authority.
23. The Authority reserves the right to add additional safeguard measures subsequently, if found necessary, and to take action including revoking of the environment clearance under the provisions of the Environment (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.
24. The stipulations by Statutory Authorities under different Acts and Notifications should be complied with, including the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006.

25. The project proponent should advertise in at least two local newspapers widely circulated in the region, one of which (both the advertisement and the newspaper) shall be in the vernacular language informing that the project has been accorded Environmental Clearance and copies of clearance letters are available with the State Environment Impact Assessment Authority (SEIAA) office and may also be seen on the website of the Authority at www.seiaakerala.org. The advertisement should be made within 10 days from the date of receipt of the Clearance letter and a copy of the same signed in all pages should be forwarded to the office of this Authority as confirmation.
26. The Environmental Clearance shall be put on the website of the company by the proponent.
27. Proponent shall submit half yearly reports in soft copy and SEIAA will upload it on the website.
28. The details of Environmental Clearance should be prominently displayed in a metallic board of 3 ft x 3 ft with green background and yellow letters of Times New Roman font of size of not less than 40. Sign board with extent of lease area and boundaries shall be depicted at the entrance of the quarry, visible to the public
29. The proponent should provide notarized affidavit (indicating the number and date of Environmental Clearance proceedings) that all the conditions stipulated in the EC shall be scrupulously followed.
30. No change in mining technology and scope of working should be made without prior approval of the SEIAA, No further expansion or modifications in the mine shall be carried out without prior approval of the SEIAA, as applicable.
31. The Project proponent shall ensure that no natural water course and/or water resources shall be obstructed due to any mining operations. Necessary safeguard measures to protect the first order streams, if any, originating from the mine lease shall be taken.
32. The top soil, if any, shall temporarily be stored at earmarked site(s) only for the topsoil shall be used for land reclamation and plantation. The over burden (OB) generated during the mining operations shall be stacked at earmarked dump site(s) only. The maximum height of the dumps shall not exceed 8m and width 20m and overall slope of the dumps shall be maintained to 45°. The OB dumps should be scientifically vegetated with suitable native species to prevent erosion and surface run off. In critical areas, use of geo textiles shall be undertaken for stabilization of the dump. The entire excavated area shall be backfilled. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining.
33. Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and OB dumps to prevent run off of water and flow of sediments directly into the river and other water bodies. The water so collected should be utilized for watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly.
34. Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of PM₁₀ and PM_{2.5} such as haul Road, loading and unloading points and transfer points – it shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the Central Pollution Control Board in this regard.
35. Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
36. Measures should be taken for control of noise levels below 85 dBA in the work environment.
37. The funds earmarked for environmental protection measures and CER activate should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the State Environment Impact Assessment Authority (SEIAA) office.
38. The Regional Office of MOEF & CC located at Bangalore shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (S) of the Regional Office by furnishing the requisite data/information/monitoring reports.
39. Any appeal against this Environmental Clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
40. Concealing the factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.
41. The SEIAA may revoke or suspend the order, for non implementation of any of the specific or this implementation of any of the above conditions is not satisfactory. The SEIAA reserves the right to alter/modify the above conditions or stipulate any further condition in the interest of environment protection.

Rajesh

42. The above conditions shall prevail notwithstanding anything to the contrary, in consistent, or simplified, contained in any other permit, license or consent given by any other authority for the same project.
43. The Environmental Clearance will be subject to the final order of the courts in any pending litigation related to the land or project, in any court of law.
44. The mining operation shall be restricted to above ground water table and it should not intersect ground water table.
45. All vehicles used for transportation and within the mines shall have 'PUC' certificate from authorized pollution taking centre. Washing of all vehicles shall be inside the lease area.
46. Project proponent should obtain necessary prior permission of the competent authorities for drawal of requisite quantity of surface water and ground water for the project.
47. Regular monitoring of flow rates and water quality upstream and downstream of the springs and perennial nallahs flowing in and around the mine lease area shall be carried out and reported in the six monthly reports to SEIAA.
48. Occupational health surveillance program of the workers should be undertaken periodically to observe any contraindications due to exposure to dust and take corrective measures, if needed.
